

(3) a summary of the Commission's efforts to inform the public of the home inspector licensing requirements; and

(4) a summary of the number and types of complaints received against home inspectors, including the resolution of complaints.

SECTION 4. 5. AND BE IT FURTHER ENACTED, That this Act shall take effect July 1, 2002.

May 16, 2002

The Honorable Thomas V. Mike Miller, Jr.
President of the Senate
State House
Annapolis MD 21401

Dear Mr. President:

In accordance with Article II, Section 17 of the Maryland Constitution, I have today vetoed Senate Bill 418 - Health Occupations - State Board of Pharmacy - Sunset Extension.

This bill extends the sunset date for the State Board of Pharmacy to July 1, 2013 and requires another sunset evaluation on or before July 1, 2012. The bill eliminates the requirement for a State pharmaceutical manufacturing permit and establishes that any pharmacy with a State permit must be inspected annually. It also limits discovery and admissibility of evidence by including a committee or individual designated by a pharmacy permit holder to evaluate and improve health care, evaluate its performance and act on disciplinary matters in the definition of a medical review committee.

House Bill 462, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign Senate Bill 418.

Sincerely,
Parris N. Glendening
Governor

Senate Bill No. 418

AN ACT concerning

Health Occupations - State Board of Pharmacy - Sunset Extension

FOR the purpose of continuing the State Board of Pharmacy in accordance with the provisions of the Maryland Program Evaluation Act (Sunset Law) by extending to a certain date the termination provisions relating to the statutory and regulatory authority of the Board; repealing a certain requirement for a certain manufacturing permit and related provisions of law; making certain technical changes; requiring an annual inspection of each pharmacy that holds a pharmacy permit issued by the Board; limiting discovery by establishing that a
