

- (3) (III) As necessary, new or amended provisions of the jurisdiction's:
- (i) 1. Subdivision regulations;
 - (ii) 2. Comprehensive or master plan;
 - (iii) 3. Zoning ordinances or regulations;
 - (iv) 4. Provisions relating to enforcement; and
 - (v) 5. Provisions as appropriate relating to grandfathering of development at the time the program is adopted or approved by the Commission;
- (4) (IV) Provisions requiring that project approvals shall be based on findings that projects are consistent with the standards stated in subsection (b) of this section;
- (5) (V) Provisions to limit the amount of land covered by buildings, roads, parking lots, or other impervious surfaces, and to require or encourage cluster development, where necessary or appropriate;
- (6) (VI) Establishment of buffer areas along shorelines within which agriculture will be permitted only if best management practices are used, provided that structures or any other use of land which is necessary for adjacent agriculture shall also be permitted in any buffer area;
- (7) (VII) Requirements for minimum setbacks for structures and septic fields along shorelines, INCLUDING THE ESTABLISHMENT OF A MINIMUM BUFFER LANDWARD FROM THE MEAN HIGH WATER LINE OF TIDAL WATERS, TRIBUTARY STREAMS, AND TIDAL WETLANDS.
- (8) (VIII) Designation of shoreline areas, if any, that are suitable for parks, hiking, biking, wildlife refuges, scenic drives, public access or assembly, and water-related recreation such as boat slips, piers, and beaches;
- (9) (IX) Designation of shoreline areas, if any, that are suitable for ports, marinas, and industries that use water for transportation or derive economic benefits from shore access;
- (10) (X) Provisions requiring that all harvesting of timber in the Chesapeake Bay Critical Area or the Atlantic Coastal Bays Critical Area be in accordance with plans approved by the district forestry board;
- (11) (XI) Provisions establishing that the controls in a program which are designed to prevent runoff of pollutants will not be required on sites where the topography prevents runoff from directly or indirectly reaching tidal waters;
- (12) (XII) Provisions for reasonable accommodations in policies or procedures when the accommodations are necessary to avoid discrimination on the basis of physical disability, including provisions that authorize a local jurisdiction to require removal of a structure that was installed or built to accommodate a physical disability and require restoration when the accommodation permitted by this paragraph is no longer necessary; [and]
