D13A13.01 General Administration

General Fund Appropriation, provided that \$100,000 of the general fund appropriation may not be expended until the Maryland Energy Administration (MEA), in collaboration with the Department of Budget and Management (DBM), has submitted a report on what would be needed to develop and implement a State energy plan. This report shall include whether MEA would be the appropriate State agency to accomplish this task, and if so, then how MEA would need to be staffed and funded; where it would be located (as an independent agency or folded into another agency); and what executive powers it would need to be authorized. If MEA is determined to not be the appropriate State agency to accomplish the development and implementation of a State energy plan, then the report shall detail what role, if any, MEA will play as the State's energy policy agency. The report shall be submitted to the budget committees by November 1, 2007, and they shall have 45 days to review and comment following receipt of the report ...
