

by the contractor, which in aggregate will achieve this capital recovery. It is also the intent of the General Assembly that state employees utilizing the child care facility at Crownsville be charged a preferential rate, and that a higher rate be charged to non-state employees. In order to promote fair access to the facility, it is the intent of the General Assembly that the income of the State employees be taken into account in charging fees for this service. Additionally, it is the intent of the General Assembly that the Department of Housing and Community Development not enter into a contract with a third party to operate the child care facility at the Crownsville state office building until:

- (1) the budget committees have received a report from the Department of Housing and Community Development concerning the details of the contract and the awarding process, and
- (2) the budget committees have reviewed and commented upon the report or 45 days have elapsed from the date the report is received by the committees.

Administration submit two separate reports to the General Assembly:

- (1) A report, due on the opening of the facility, which outlines the fee and surcharge structure which will be used when the facility is opened; and,
- (2) A report, due after 120 days of operation, which describes the initial operations of the facility including the number of enrollees and actual revenues and operating costs.

Further, it is the intent of the General Assembly that, at such time that the General Assembly approves a child care benefit policy for State employees, adjustments shall be made at the Crownsville Child Care Facility to conform its operation to the new policy.
