

Government] FEDERAL GOVERNMENT or the State of Maryland, or any agency or instrumentality of either the federal government or the State, or with any municipal or private corporation, copartnership, [association] ASSOCIATION, or individual in connection with the services and facilities rendered by any water system, sewerage system, or surface water drainage system owned or controlled by the District, the [Federal Government] FEDERAL GOVERNMENT, or the State of Maryland, of any agency or instrumentality of these entities, and by any municipal or private corporation, copartnership, [association] ASSOCIATION, or individual. Any such contract may provide:

(i) for the connection of any water system, sewerage system, or surface water drainage system of the District with any other correspondingly owned or controlled system;

(ii) for the supply or receipt, to or by the District, or any water, sewage, or drainage to or from such connected system;

(iii) for the payment to or by the District of the cost of any such water, sewage, or drainage supplied or received, including the cost of its treatment;

(iv) for the consolidation under one of the contracting parties of the administration of billing consumers, either of the District or of the owner or operator of any such connected system or systems, for water or sewer service supplied through any such connection[.]; and

(v) for the equitable contribution by the District or by any such owner or operator to or on account of the cost of constructing or improving any water system, sewerage system, or surface water drainage system of the other, made necessary by the additional burden on any such system resulting from any such connection.

(11) Same; projects. To contract with any municipal or other corporation, [individual] INDIVIDUAL, or any [Public Authority] PUBLIC AUTHORITY or District of this or any adjoining State, on terms that the Commission considers proper, for the construction and operation of any project which is in this State or in an adjoining State.

(12) Same; incidental powers. To make and enter into all contracts or agreements which the Commission determines are necessary or incidental to the performance of its duties and to the execution of the powers granted by this title, including contracts with any [Federal] FEDERAL agency or with any county, on terms and conditions the Commission approves, relating to the use by the agency or by the county or its inhabitants of any project acquired or constructed by the Commission under this title or its services or facilities, or the use by the District of the services or facilities of any water system or sewerage system owned or operated other than by the District. These contracts are subject to the provisions, limitations, or conditions contained in the resolution of the Commission that authorizes the bonds for the District. Any such contract may provide for the collecting of fees, rates, or charges for the services and facilities rendered to a county or to its inhabitants by the county or by its agents or by the agents of the District, and for the enforcement of delinquent charges for those services and facilities. The provisions of any contract and of any ordinance or resolution of the
