

governing body of a county enacted pursuant to it may not be repealed so long as any of the bonds issued under the authority of this title for the District are outstanding and unpaid, and the provisions of any such contract, and of any ordinance or resolution enacted pursuant to it are for the benefit of the bondholders. The aggregate of any fees, rates or charges which are required to be collected pursuant to any such contract or any ordinance or resolution enacted pursuant to it shall be sufficient to pay all obligations which may be assumed by the other contracting party.

(13) Entry upon premises. To enter upon and excavate any State, County, or municipal street, road, or alley, or any other public highway for the purpose of installing, maintaining, and operating the water systems, sewerage systems, and surface water drainage systems for which provision is made by this title, and to construct in any such street, road, alley, or public highway a water main, sewer, or drain or its appurtenance without the payment of a charge. When any State, County, or municipal highway is to be disturbed the public authority having control of it shall be notified. For a State highway, a permit for any such excavation or construction first shall be obtained from the State Highway Administration, and the Commission shall comply with the [rules and] regulations of the Administration in the performance of any such work. The highway shall be repaired and left by the Commission in a condition not inferior to that which existed before the highway was torn up, and all incident costs shall be borne by the District.

(14) Receive grants. To receive and accept from any [Federal] FEDERAL agency grants for or in aid of the construction, [acquisition] ACQUISITION, or operation of any project, and to receive and accept aid or contributions for any source of either money, property, [labor] LABOR, or other things of value, to be held, used and applied only for the purposes for which those grants and contributions may be made. (1957 Code, sec. 532. 1957, ch. 694, sec. 878; 1961, ch. 743, sec. 532(a), (b), (c), (j), (l), (o), (q); 1970 ed. sec. 28-5; 1984, ch. 289; 1987, ch. 679; 1989, ch. 170)

6-402. Survey of subdistricts; notice, hearing.

(a) Preliminary plans. The Commission shall have preliminary surveys, plans, and estimates of financial feasibility made for water systems, sewerage systems, and surface water drainage systems, or for any one or more of such systems, in each subdistrict created under [Section 6-202] § 6-202 of this title. Each system shall be planned and be of such extent and capacity as, in the judgment of the Commission, best serves the needs of the various communities in any subdistrict, and promotes convenience and economy of installation and operation.

(b) Public notice. As preliminary plans for a project or projects are completed, the Commission shall publish notice for 3 weeks in at least 1 newspaper published within the County and shall post and circulate handbills in those portions of a subdistrict where the project or projects are contemplated. The notice shall state what is the probable cost of each project, that the plans of each project may be inspected at the Commission's office during regular business hours, and that any person interested in any project will be heard by the Commission at a time specified in the notice, which may not be less than 10 days after its last publication.

(c) Written petition. If, within 10 days after the date of the hearing, not less than
