(D) SAFETY ENGINEERING AND EDUCATION SERVICE.

THERE IS A SAFETY ENGINEERING AND EDUCATION SERVICE IN THE DIVISION.

REVISOR'S NOTE: Subsection (a) of this section is new language added to clarify that this section is not an exhaustive list of units in the Division. Other units include Employment Standards, Occupational Safety and Health, Prevailing Wage, Railroad Safety and Health, and Safety Inspection.

Subsections (b), (c), and (d) of this section are new language derived without substantive change from the first and second sentences of former Art. 89, § 2(2), the first clause of the sixth sentence of § 3, and the first clause of the second sentence of § 49.

In subsection (c)(1) and (2) of this section, the name "research and information unit" is substituted for the former reference to a "Division of Research and Information", to reflect the current organization of the Division of Labor and Industry.

Subsection (c)(2) of this section is revised to state directly that the unit collects, organizes, and reports information, rather than "administer[s] this duty" of the Commissioner.
