Anne Arundel County Code (1985, as amended)

INTENT AND FINDINGS OF FACT

In the past few years it has become apparent to the County Council that there has been an increase in the rental of boat slips at piers located at residentially-zoned properties and an increase in the number of large boats at these piers. The County Council finds that it is in the best interest of the citizens of Anne Arundel County and is intended to promote and protect the health, safety, and welfare of its citizens to restrict large-scale or growing pier operations at residentially-zoned properties, prevent the proliferation of illegal yacht clubs and community pier operations, and restrict the number of large boats that are allowed to dock at piers in residentially-zoned districts.

Approved and Enacted September 14, 1990.
