

- (VI) AN ORCHARD;
- (VII) A POULTRY FARM;
- (VIII) A RANCH;
- (IX) A STOCK FARM; AND
- (X) A TRUCK FARM.

REVISOR'S NOTE: This subsection is new language derived without substantive change from former Art. 100, § 80A(a)(5).

Paragraphs (1) and (2) of this subsection are revised to state a definitive meaning of "farm" and to set out examples of farms, respectively. Although former Art. 100, § 80A(a)(5) defined "farm" to "mea[n]" the items set out in both paragraphs and Art. 1, § 30 of the Code provides that generally "includes" is "by way of illustration and not by way of limitation", paragraph (2) of this subsection seems to state examples of the broad and generally applicable definition in paragraph (1).

In paragraph (1) of this subsection, the former reference to a "structure" is deleted as unnecessary in light of the broad reference to an "area" and as misleading to the extent that the former reference suggested that land on which several structures are located would comprise several farms.

Also in paragraph (1) of this subsection, the former word "growing" is deleted as included in the word "raise".

(F) FARM LABOR CONTRACTOR.

"FARM LABOR CONTRACTOR" MEANS A PERSON, OTHER THAN AN AGRICULTURAL OPERATION OR AN EMPLOYEE OF AN AGRICULTURAL OPERATION, WHO PERFORMS A FARM LABOR CONTRACTING SERVICE FOR CONSIDERATION.

REVISOR'S NOTE: This subsection is new language derived without substantive change from former Art. 100, § 80A(a)(7).

The former word "money" is deleted as unnecessary in light of the broad word "consideration".

The former words "paid or promised to be paid" are deleted as implicit.

"Perform a farm labor contracting service" § 7-101
