REVISOR'S NOTE: Items (1) and (2) of this section are standard language added to conform to similar licensing provisions in the revised articles of the Code. The General Assembly expressly decided that the language in items (1) and (2) of this section was to be included in licensing acts as a fundamental ground for disciplining an applicant or licensee.

Items (3) through (14) of this section are new language derived without substantive change from former Art. 100, § 80E(a).

In the introductory language of this section, the former power to "refuse to ... renew" a license is deleted for accuracy, since this subtitle does not include a renewal scheme. See the revisor's note to § 7-306 of this subtitle. Each license expires on March 1 and a licensee reapplies for a new license. Similarly, in item (4) of this section, the former reference to a person who has been refused "renewal" is deleted.

In item (8) of this section, the former specific reference to "any final order issued by the Commissioner" for a violation of former Art. 100, §§ 80A through 80F or for a violation of a regulation adopted under those sections is deleted as unnecessary in light of items (6) and (7) of this section.

In item (9) of this section, the word "conditions" is substituted for the former word "terms" to conform to § 7-401 of this title.

The Labor and Employment Article Review Committee notes, for consideration by the General Assembly, that the introductory language of this section does not include a reference to a "reprimand". Although the Model Guide for Drafting Governmental Units and Licensing Provisions recommends that the power to "reprimand" be included in all licensing
