

In the introductory language of subsection (c) of this section, the defined term "person" is substituted for the former reference to an "individual, partnership, corporation, or other entity", for brevity and conformity to terminology used throughout the revised articles of the Code. As to the definition of "person", see § 1-101 of this article.

Also in the introductory language of subsection (c) of this section, the word "delivery", which formerly appeared in the language "messenger service delivery business", is deleted as surplusage.

In subsection (c)(1) of this section, new language is added to state expressly that which only was implied in the former law — i.e., for the driver to be excluded from coverage the driver and the person engaged in the messenger service business must "have entered into" a written agreement.

As to regulation of certain taxicab drivers by the Public Service Commission, see Art. 78, §§ 45 through 50K of the Code.
