

REVISOR'S NOTE: This section is new language derived without substantive change from former Art. 95A, § 8(c)(2), (8), (9)(iv), and (10) through (12), § 15(b)(2), and the second sentence of § 11(a)(1).

Subsections (b)(1) and (2), (e), (f)(2), (g) through (i), (j)(1), and the introductory language of (d) are revised in the active voice to clarify that the Secretary is responsible for keeping the earned rating record of an employing unit.

In subsection (g) of this section, the language "who pays contributions under this section", which formerly modified "employing unit", is deleted as surplusage.

In subsection (j) of this section, the term "employing unit" is carried over from former Art. 95A, § 15(b)(2), since the provision seems to apply to "one who is required to pay contributions" rather than "one who employs". See the revisor's note to § 8-101(m) of this title.

Former Art. 95A, § 8(9)(iv), which defined "principal base period employer" to mean "the employer by whom an individual was paid the largest amount of his base wages", is deleted as unnecessary. The term used only in the provisions that are revised as subsection (c)(1) and (2) of this section and the reference to the "largest amount of wages" has no effect in light of the specific references in that subsection to the "75%" threshold.

As to allocation of liability for reimbursement payments, see § 8-620(b) of this subtitle.

In subsection (e)(3) of this section, the former reference to leaving voluntarily "with good cause" is deleted as unnecessary in light of subsection (e)(1) of this section.

The Labor and Employment Article Review Committee notes, for consideration by the General Assembly, that the reference to "part-time" employment in subsection (g) of this section, is vague, since "part-time" employment is undefined.

The Committee also notes that the General Assembly may wish to change the references to "March 31", in subsection (j)(2) of this section, to "May 31" to conform to the computation date, as defined in § 8-606(d).
