

In subsection (c)(1) of this section, the word "corporation" is substituted for the former references to the "employer", to conform to subsections (a) and (b) of this section.

Also in subsection (c)(1) of this section, the word "individual" is substituted for the former word "persons", since this title covers only a human being. As to the definition of "person", see § 1-101 of this article.

The Labor and Employment Article Review Committee notes, for consideration by the General Assembly, that, while former Art. 101, § 67(4)(ii) required notice about each election, only the election for an officer of a "close corporation" is contingent on compliance. Therefore, subsection (c)(2) of this section refers specifically to an election under "subsection (b)(1)". The General Assembly may wish to consider making elections under subsection (b)(2) and (3) of this section similarly contingent on notice.
