

REVISOR'S NOTE: This section is new language derived without substantive change from former Art. 56, §§ 326 and 327(a).

In subsection (a)(1) of this section, the requirement for submission "to the Board" is added to state that which seemingly is required by the duty of the Board to act on the application. Accordingly, in subsection (a)(2) of this section, the reference to payment to "the Board" is substituted for the former requirement for payment to "the Commissioner" in light of the former, specific requirements for payment "[a]t the time the license application is filed" and for "filing of the application with the appropriate fees".

Also in subsection (a)(1) of this section, the reference to the form that the Board "provides" is substituted for the former reference to the "prescribed" form to conform to practice.

Also in subsection (a)(1) of this section, the former requirement that an application be "in writing" is deleted as implicit in the requirement for submission of the application on the form that the Board provides.

In subsections (a)(2), (c), and (d) of this section, the references to an "application fee" are substituted for the former references to a "license fee" and "fee" to conform to language used throughout the revised articles of the Code.
