

Subsection (d)(1)(i) of this section is standard language added for clarity.

Subsection (d)(1)(ii) of this section is standard language added to state expressly that which only was implied in the former law; i.e., renewal applications may be made only on the form that the Board provides.

Subsection (e) of this section is standard language added to express the formerly implied duty of the Commission to renew the license of a qualified licensee.

In subsection (b) of this section, the former phrase "[u]nless revoked or suspended by the Commission" is deleted as implicit in the regulatory scheme of this title.

The Business Regulation Article Review Committee notes, for consideration by the General Assembly, that subsection (d)(3) of this section, which revises former Art. 56, § 257(k), is not given effect because it has been determined by the Commission that the licensing schemes and licenses issued in other states are not comparable to those licenses issued under this title.
