

(V) The Board may impose the penalty provisions provided in this subsection upon any licensee on whose premises any gambling devices are found, which are illegal under the laws of the State of Maryland, or any illegal gambling of any character found, or any alcoholic beverage found, in violation of the appropriate license, or if the licensee has been convicted in federal or State court of a felony.

(2) Whenever any licensee operates a pool or billiard parlor on premises licensed hereunder, the licensee may not permit minors under 18 years of age to enter into or loiter about that part of the premises devoted to the playing of pool or billiards unless accompanied by a parent. A violation of this prohibition empowers the board to impose the penalty provisions provided in this subsection upon the licensee.

(3) If the Liquor Control Board after a public hearing determines that a licensee or an agent or employee of the licensee has violated a provision of this subsection, then the Liquor Board may impose the following penalties:

(i) For a first offense within the licensing period, a fine of not less than \$250 or more than \$2,000 or suspension or revocation of the license; or

(ii) For a subsequent offense within the same licensing period as the first offense, a fine of not less than \$250 or more than \$2,000 and suspension or revocation of the license.

SECTION 2. AND BE IT FURTHER ENACTED, That this Act shall take effect October 1, 1992.

Approved May 12, 1992.

CHAPTER 420

(House Bill 1458)

AN ACT concerning

Harford County - Alcoholic Beverages (Tasting Licenses)

FOR the purpose of specifying a limitation of a certain amount for other alcoholic beverages that may be served by the holder of a tasting or sampling alcoholic beverages license in Harford County; and expanding the types of alcoholic beverages a licensee may include for sampling or tasting purposes in that County.

BY repealing and reenacting, with amendments,

Article 2B - Alcoholic Beverages

Section 34(b)

Annotated Code of Maryland

(1990 Replacement Volume and 1991 Supplement)
