

REVISOR'S NOTE: This section is new language derived without substantive change from former Art. 56, § 180(d) and, as they related to the amount of license fees, (a)(2) and (b).

The Business Regulation Article Review Committee notes, for consideration by the General Assembly, that in practice the clerk does not impose a higher fee on nonresident applicants even though the law requires the clerk to do so if the state of the nonresident applicant charges a higher application fee for the same license. This situation is similar to the practice of the Home Improvement Commission with regard to license fees for nonresident applicants.
