REVISOR'S NOTE: This section is new language derived without substantive change from former Art. 56, § 74(c), the second sentence of (b), and the first, second, and third sentences of (d).

Throughout this section, the general term "identification label" is substituted for the former references to a "metal tag or stamp", "stamp decals", and "other identifications" for consistency.

In subsection (a) of this section, the former exclusion, "but not including machines for the articles listed at the end of this section", is deleted as surplusage in light of § 17-1902 of this subtitle.
