

(vi) Notwithstanding the provisions of § 41 or other provisions of this article, an individual, partnership, or corporation may not hold or have an interest in more than four Class BH licenses.

(vii) The Board of License Commissioners shall adopt [rules] REGULATIONS to establish compliance with the provisions of this subsection.

(4) (I) The Board of License Commissioners may issue to the holders of a beer, wine and liquor license, Class B, meeting the qualifications specified in paragraph (1) of this subsection a special Sunday "on-sale" permit to allow the holder to keep for sale and to sell at retail beer, wine and liquor on Sunday for consumption on the licensed premises between the hours of twelve o'clock noon and two o'clock a.m. the day following; providing the average daily receipts from the sale of food equals 40 percent of the total daily receipts from the sale of "on-sale" food and alcoholic beverages in the establishments where it is proposed to locate this permit, and the ratio of food sales to the sale of alcoholic beverages has been maintained for at least six months prior to the application for this permit except that in the case of a newly licensed establishment the Board of License Commissioners may immediately authorize the issuance of a special Sunday "on-sale" permit if in the opinion of the Board and upon good cause shown the newly licensed establishment meets the specifications of paragraph (1) of this subsection pertaining to the preparation, serving and sale of food and provided further that the holder of the license complies with the provision of this paragraph. Applicants for a special Sunday "on-sale" permit shall furnish the Board of License Commissioners with any proof as it considers necessary indicating the qualifications of the establishment to be issued this permit.

(II) The holder of a special Sunday "on-sale" permit is subject to all other provisions of this article pertaining to beer, wine and liquor licenses, Class B, in force and effect in Prince George's County, except that any restrictions on the sale of alcoholic beverages on Sunday appearing in § 103 and elsewhere may not apply. Holders of this permit shall submit to the Board, from time to time at regular intervals to be established by the Board, a statement indicating in detail the ratio of food sales to the sales of alcoholic beverages. If the average daily receipts from the sale of food fail for three successive months to equal 40 percent of the total daily receipts from the sale of food and alcoholic beverages, the Board shall cancel this permit. It is permissible for the licensee of a Class B, beer, wine and liquor license with a special Sunday "on-sale" permit and the licensee of a Class BH license to sell beer, wine and liquor by the drink from the bar or a cocktail lounge to persons on the licensed premises.

(III) The Board of License Commissioners [is authorized to] MAY adopt [these rules and] regulations [as] it considers necessary relating to the issuance, suspension and cancellation of these permits in furtherance of this subsection.

(IV) The annual fee for a special Sunday "on-sale" permit is \$700, which is in addition to the annual fee for the beer, wine and liquor license, Class B; to which it is attached.
