

statewide oral health prevention services and education targeted to children and to support demonstration projects in coordination with the University of Maryland Dental School to design and implement creative means to increase access to dental treatment services for children in school. Further provided that in developing these statewide oral health prevention services and education targeted to children, the Department shall coordinate these efforts with the Children's Health Insurance Program (House Bill 4/Senate Bill 85). The Department shall also report back to the Senate Budget and Taxation and Finance Committees and to the House Appropriations and Environmental Matters Committees by January 1, 1999 on the effectiveness of the program in increasing access to dental services for children.

450,000

MF02.06 Prevention and Disease Control

In addition to the appropriation shown on page 57 of the printed bill (first reading file bill), to provide funds for breast cancer screening, diagnosis and treatment for uninsured, low income women 40-49 years of age.
