

2. Maintain and enhance the College Park campus as the State's flagship campus with programs and faculty nationally and internationally recognized for excellence in research and the advancement of knowledge;

3. Admit as freshmen to the College Park campus highly qualified students who have academic profiles that suggest exceptional ability; and

4. Provide access to the upper division undergraduate level of the College Park campus for students who have excelled in completing lower division study;

(ii) A status report on the University's effort to achieve national eminence;

(iii) A status report on success in attaining federal research grants, private gifts, and other sources of nonstate revenue; and

(iv) Other matters in support of institutional priorities as determined by the Board.

**DRAFTER'S NOTE:**

Error: Extraneous word in § 12-109(f)(3) of the Education Article.

Occurred: Ch. 114, Acts of 1997. Correction by the Michie Company in the 1997 Supplement of the Education Article is validated by this Act.

13-303.

(h) (2) The report shall include information about the amount of uncompensated care provided, the number of ambulatory care visits, the number of Medicaid patient visits, the number of patient visits by subdivision during the year, and any other information relevant to [§ 13-303(c) of this subtitle] THE PROVISIONS OF THIS SECTION.

**DRAFTER'S NOTE:**

Error: Incorrect internal reference in § 13-303(h)(2) of the Education Article.

Occurred: Ch. 288, Acts of 1984.

(l) The Board of Directors shall insure that the medical system shall continue to make available medical services to residents of various State institutions whose residents prior to the effective date of this legislation were served by the Hospital, including State residential centers for the mentally retarded, State mental hygiene facilities and facilities run by the State Division of Corrections, as long as the administrators of those institutions continue to seek care from the Hospital for their residents in accordance with policies and legislative intent incorporated in the State budget. The Hospital is to be compensated by the institutions or other payors for this care in accordance with policies of the State Health Services Cost Review Commission or other relevant authority.
