[8–108.

(a) An active license expires on the third December 31 after its effective date and is renewable every 3 years upon payment of the fee and delivery of the certificate of insurance, unless the Board has revoked the license.

(b) An individual who holds a valid electrical license may go on inactive status, during which time the licensee may not engage in electrical contracting in Washington County. An inactive license expires on the third December 31 after its effective date and is renewable every 3 years upon payment of the inactive license fee. Insurance is not required while the license is inactive. After 2 years of inactive status, a licensee must pass a written electrical examination before the license may be reactivated unless the licensee submits to the Board a letter from an employer of the licensee, certifying that, during inactive status, the licensee has been performing electrical work.
