of incorporation for record" is substituted for the former reference to "issu[ing] the certificate of approval" to reflect the current procedures of the State Department of Assessments and Taxation under Maryland General Corporation Law. *See* CA § 1–202. Similarly, in subsection (f)(4) of this section, the reference to "accept[ing] the articles [of amendment] for record" is substituted for the former obsolete reference to "issu[ing] the certificate of approval". *See* CA § 2–610.1(1).

In subsection (e)(3) of this section, the reference to acceptance of the articles of incorporation for record being "conclusive evidence of the formation" of the authority is substituted for the former reference to the authority being "conclusively considered to have been lawfully and properly created and authorized to exercise its powers" for clarity and consistency with the Maryland General Corporation Law. *See* CA § 2–102(b).

Former Art. 41, § 14–103(c)(2), which required the State Department of Assessments and Taxation to stamp articles of incorporation it received with the time and date of receipt, does not conform to current departmental practice and is deleted as obsolete. Similarly, former Art. 41, § 14–103(c)(3), which required the State Department of Assessments and Taxation to endorse articles of incorporation "approved" and issue a certificate of approval attached to the endorsed articles, does not conform to current departmental practice and is deleted as obsolete. Also similarly, the third sentence of former Art. 41, § 14–103(d), which required the State Department of Assessments and Taxation to endorse articles of amendment "approved" and issue a certificate of approval of the amendments, does not conform to current departmental practice and is deleted as obsolete.

Former Art. 41, § 14–103(e), which required the State Department of Assessments and Taxation to record articles and amendments, is deleted as redundant of CA § 1–202(2), which requires the Department promptly to record all charter documents.

The second sentence of former Art. 41, § 14–103(k), which provided that in a county or municipal corporation that has a publicly elected chief executive officer, a resolution to make changes in or terminate an authority is subject to approval by the chief executive officer, is deleted in light of subsection (b)(3) of this section, which contains the same requirement.

As to the current procedures that the State Department of Assessments and Taxation must follow on acceptance of a charter document, *see* CA § 1–102.
