

(3) Purified water shall be labeled "purified water" or by the method of preparation, and the method of preparation shall be stated on the label;

(4) Spring water may be labeled "spring water" or "natural spring water";

(5) Well water may be labeled "well water" or "natural well water";

(6) Bottled water:

(i) May be labeled "naturally carbonated" or "naturally sparkling" if:

1. It contains carbon dioxide that emerges from the source and the water is bottled directly with its entrapped gas; or

2. Carbon dioxide is mechanically separated from the water and is later reintroduced at the same or lower concentration as the concentration that naturally occurs; and

(ii) Shall be labeled "carbonated", "carbonation added", or "sparkling" if it contains carbon dioxide from a manufactured source;

(7) (i) Bottled water may be labeled "drinking water" or "bottled drinking water";

(ii) Except for "purified drinking water", as defined by the United States Pharmacopoeia, at any point during the bottling process, bottled water that is derived from a public drinking water supply, as defined under the Safe Drinking Water Act, shall be labeled "drinking water" or "bottled drinking water", and its approved source shall be stated on the label in a factually accurate manner;

(8) (i) Except as provided under subparagraph (ii) of this paragraph, a licensee or registrant under this section may not label bottled water with a word or a derivative of a word that does not accurately describe the type of bottled water;

(ii) 1. The provisions of subparagraph (i) of this paragraph may not be construed to restrict a word or a derivative of a word that is part of a bottler's trademark, trade name, or company name; but

2. If the word or derivative of a word that is part of the bottler's trademark, trade name, or company name is reasonably construed to mean a type of bottled water, the type of water in the container shall be identified on the same
