

## STATE TOBACCO WAREHOUSE NO. 5.

Your Committee then visited Warehouse No. 5, and after a thorough examination find it in a most excellent condition. Through the entire building there is evidence of great care and attention of the Inspector, John Morehead, Esq.

Upon examination of the books we find the number of hhds. inspected from May 5th, 1862, up to January 1st, 1863, was 9,900 hhds. Number of hhds. inspected from January 1st, 1863, to January 1st, 1864, 15,128 hhds.

Shipped from May 5th, 1862, to January 1st, 1864, 23,549 hhds.

Number of hands employed at this Warehouse from May 5th, 1862, to January 1st, 1863, was on the average for screwmen 10 at \$1 50 per day. The average number of laborers from 5th of May, 1862, to January 1st, 1863, was 14, at \$1 00 per day. The number of hands employed from 1st January, 1863, to January 1st, 1864, was :

Screwmen, .....	11
And laborers for the same time, .....	10
At an average cost for the whole time of.....	\$14,612 54
Amount received for Scrap Tobacco sold from May 5th, 1862, to January 1st, 1864, for 78,979 pounds sold at various prices, amounting to the sum of.....	\$4,037 80

On examination of this building we find it in good order, with a few exceptions. One of the front doors is out of order and should be repaired at once. We also find that the windows on the north side of the Warehouse are without iron bars, and complaint is made by the Inspector that parties frequently get through them and steal Tobacco. We would recommend that the Inspector, John Morehead, Esq., be authorized to have the said repairs done at the expense of the State.

We also find that under the supervision of the present Inspector, Mr. Morehead, he has paid into the State Treasury up to January 1st, 1864, the sum of \$14,160 33, which may be seen by reference to the Comptroller's books.

A further statement of the doings and affairs of this Warehouse will be found in the report made by the Inspector to this General Assembly, which your Committee deems unnecessary to repeat in this report.
