We the undersigned in pursuance of appointment by the  
 Orphans Court of Kent County State of Maryland did on  
 the second day of May 1872 enter upon and examine the  
 land and tenements of John B. Voshell late of Kent County  
 deceased and after careful examination of said real estate do  
 find the fences and buildings thereon in bad condition  
 We also certify that we estimate the yearly rental value of said  
 real estate at one hundred dollars. And for the present  
 year eighteen hundred and seventy two as there is no lease  
 for the tenants we do estimate the rental value for the  
 current year at seventy five dollars
