Pipe Creek Monthly Meeting Minutes, Women Friends, 1772-1832

Granting Liberty to Friends of Pipe and Bush Creek to hold a Monthly Meeting for Business having been for some considera-
me under Consideration at Fairfax Monthly Meeting and the same
Quarterly Meeting held at Londongrove in Pennsylvania. The Pro-
posal was concurred with at the 11th Mo Quarter, as appears by the
following, "Copy of a Minute from the Western Quarterly
Meeting of Women Friends held at Londongrove Meeting House
the 16th of the 11th Mo 1772"

"We of the Committee appointed by last Quarter in
Company with our Friends Thomas Carleton, John Churchman
and William Downing attended each of the particular
Meetings over Potomack, and to our Satisfaction beheld
there was a considerable Number of solid Friends, who, as they
dwell near Truth, and are careful to seek the Counsel there
may be sufficient to hold a Monthly Meeting, tho' the
Friends of Pipe and Bush Creek were allowed another to be
held amongst them. We were also at each of their Meet-
ings this side of Potomack and are therefore free to say it would
be easy with us if the Quarterly Meeting would grant their
Request. Nevertheless we submit the Whole to this Quarterly
Meeting."

To the Quarterly meetings of Women friends.

The State of society represented by the reports from our Quarterly meetings being opened to the view of friends, renewed ability was furnished to administer in the love of the Gospel. much seasonable and important counsel exciteing parents and heads of families to get down to the root of Divine life in themselves and therein humbly wait for qualification to fulfill the obligations of duty relative to themselves, their tender offspring and those Committed to their care: early watching over and guarding their minds from the Spots and defilements of the world which are sorrowfully found to eclipse the beauty of our zion and eventually to retard the great work of reformation.

The dear youth were earnestly invited in the language of the wise King Come with me from Lebanon my Spouse, from Lebanon, look from the top of Amana, from the top of Shenir and Hermon from the Lions den from the mountains of the Leopards to yield unreserved obedience to the manifestation

Manifestations of truth upon their minds, thus would they be strengthened in the morning of their day to exchange the vain and delusive gratifications of this life for living and eternal substance: the hurtful effects of indulging in those publications that have a tendency to destroy a relish for the Scriptures of truth and thereby open the door for the enemy to captivate the will and affections of the inexperienced youth, until Strange Gods are found in dominion, and the Lord of life and glory Crucified: was forcibly impressed for their portion, a Solicitude was felt that they might be enabled to keep the word of his patience who has promised to keep such in the hour of temtation &c &c Extracted from the minutes of the Yearly meeting

This meeting received the following Minute from our last
Yearly Meeting To the Quarterly Meeting

The Yearly Meeting having entered with much feeling into
the State of Society, counsil and Instruction has been largely
administered; and with a view to spread the renewed evidence
of the Fathers Love more fully thro the varied ranks of Society
the Meeting directs the Substance to be Collected, and transmitted
to Subordinate meetings. In the course of the weight of exercise
through which the meeting has passed, Mothers and heads of
families have been called upon, by the strongest obligations
which we owe to our Creator, ourselves and our precious charge,
to watch over them from their earliest years Seasonably laying the
restraining hand of parental care, in instruction reproof and restraint
Seasoned with Love: Solemn has been the view opened upon some of
our minds that great responsibility is attached to the connexion of parents
to Children in standing as between the Creator and them, until the
time arrives for them to judge correctly for themselves, and whilst we
are engaged to impress upon the feelings of Mothers, the necessity of
as the blessed reward of peace resulting from their pious Labours, another
view is spread before us, that in proportion to the degree of love and
obedience which Children, from being early to more advanced periods in

life, observe towards godly parents their comfort and happiness is
promoted in this life and good ground is furnished to believe their eternal
interest is promoted thereby

We now desire to convey the exercise which has spread generally thro
this meeting respecting the costly habits of living and the consequent distress
which pervade the several departments of the family at large, we believe
beloved friends that the consequencies have been severely felt, many who
have not the means to vie with the affluent in their expenditures
impelled by the power of custom follow their example to the great injury
of their circumstances and their habitations in the truth disturbed, and
life is to be feared too often broken up to the great loss of individuals and
Society at large;

One of the friends appointed to attend the Marriage of Ellen Talbott and Mary Roberds reports they attended and thought it was orderly accomplished

One of the Representatives to the Quarterly Meeting reports they all attended and produced the following Minute from the Yearly Meeting, The various deficiencies spread before this meeting through the reports from the Quarters introduced the minds of friends into close exercise on account of the many deviations existing amongst us under which much salutary Counsil was handed forth tending to arouse our Spiritual faculties

to a more faithful discharge of individual duties; the first of which is love to God — as this is suffered to predominate, it will be manifested by our diligent attendance of all our religious meetings, and as we are concerned to abide under its influence we shall be preserved from a spirit of detraction which it is to be feared is spreading its baneful effects in our society admonishing cause for mourning, to a tried remnant, and desires have arisen that we may become increasingly concerned to guard against this devolating evil, by cultivating a disposition to do unto others as we would they should do unto us —

A deep travail of spirit hath also prevailed for the support of our testimony against Slavery — having renewedly to believe that those of our fellow Creatures of the African race are equally the objects of divine regard and call loudly on us to do whatever our hands find to do to meliorate their situation — all souls are mine saith the most High — who richly rewardeth the righteous and sitteth as a judge in the earth —

It is also unpressingly recommended to the Quarters when naming representatives to superior meetings, that friends may not look so much to numbers, as to feel after the putting forth of the master that the burthen may rest on those who may feel Concord to support the law and the Testimony in preference to every other Consideration.

The State of Society being resumed the Meeting entered into a deliberate and solid consideration of the important Subjects a lively exercise was felt to prevail, under which much weighty admonition was administered, tending to excite to greater diligence in the discharge of the various duties which devolve upon

upon us, Mothers were tenderly advised to exercise a religious care over their offspring in restraining them from the Customs and maxims of the world — And the beloved youth were profusingly invited to refrain from reading pernitious publications, but instead thereof to Cultivate an aquaintance with the Holy Scriptures and to yield implicit obedience to the cross of Christ, by which they would be enabled to manifest a Consistency in all things with the religious profession we are making, and finally become as corner Stones polished after the similitude of a palace" And friends were urged faithfully to maintain our testimony against Slavery and an Hireling Ministry, and all are affectionately entreated to keep out of the spirit of the world.

The Clerk was directed to furnish each Quarterly Meeting with a Copy of the above minute

One of the Representatives to the Quarterly Meeting reports they all attended and produced the following minute from the Yearly Meeting, The remaining queries with their respective answers were read and during this and preceding sittings the State of Society obtained the solid deliberation of the meeting and the minds of many friends were deeply exercised in viewing the various departures from that primitive simplicity and purity of Life which which marked our predecessors and the beloved youth were affectionately invited to a more frequent perusal of the writings of those worthies whose faithfulness in supporting the testimony of truth given them to bear was sealed with great suffering and even death—believing that by searching after the foundation of those principles which we profess we should come more and more to experience the vitality thereof to redeem from a love of these vain and unprofitable publications which (it is to be feared) have proved a bane to many precious minds laying waste the good seed of the Kingdom and impeding the growth of those talents designed to promote the cause of truth and

and Righteousness in the Earth — & living concern also prevailed that not only the younger class but those more advanced might dwell so near the spring of Divine Life in themselves as to be preserved from running after the Lo here is Christ and Lo there is Christ" and thereby and thereby weakening their hands in Countenancing an hireling ministry believing that the Gospel is the free gift of God we cannot consistantly take part in any other — & solicitude was likewise felt that friends might not be found wanting in tender sympathy and needful care in promoting the education of those Children whose Parents encompassed with difficulties have not the means in their power — the situation of the convland Children in friends families claimed the solid attention of the Meeting, and a tender feeling was excited for that neglected part of the human family, and friends were exhorted to adhere to the injunction of our blessed Lord to do unto others as we would they should do unto us — our blessed Lord to do unto others as we would they should do unto us —

One of the Representatives to the Quarterly Meeting reports they all attended and produced the following minute from the Yearly Meeting

An Extract from the minutes of Baltimore Yearly Meeting of Women friends held by adjournment from the 28th of the 10th month to the 1st of the 11th mo inclusive 1822

The Queries with their several Answers were read, and on deliberating upon the important Subjects brought into View, The Living members of the Church have had to go down into Suffering, from a belief that in many minds the seed of the Kingdom is in Captivity to the Spirit of this World; hence weakness abounds, and the precious testimonies of Truth given this People to bear, are lightly esteemed, or suffered to fall to the ground; By their fruits ye shall know them—

Amongst the various evidencies of a want of Submission to the purifying power of the word of Life, are rents and divisions whereby the precious Harmony amongst the professed followers of the Lamb of God, who taketh away away the sins of the world, is laid waste, and through discouragements prevail on every hand, yet through Him who alone is able to prepare instruments for his own work, a little strength has been furnished to a remnant to Labour for the recovery of

of those whose unguarded words bring leanness upon their own souls—

The Clerk was directed to furnish each of our Quarterly Meetings with a Copy of the above Minute—

Signed on behalf of the Yearly Meeting—

One of the Representatives to the Quarterly Meeting reports they all attended and the following minute was produced from the Yearly Meeting held at Baltimore

On examining into the State of Society, mournful evidence has been furnished that weakness abounds, that the love

Love of many has waxed cold. and the truly baptized members of the Church have been introduced into an exercise and travail of Spirit, that we might individually more and more center down to the Gift of God within, that Word nigh in the Heart which has ever been as a Lamp to the feet and a light to the path of all those who stand nigh and simply dedicated thereunto in the alone place of safety from the Evils of the adversary of our soul's salvation; We beloved Elder taken could be prevailed prone living experience to testify to those younger in years; that in the favour of the Lord, there is life, and in his presence fulness of joy; whilst these animated by their example to come forward, and enlist themselves under the banner of the Prince of Christ; might be strengthened to seal their covenant with him many of their precious have been awakened to see, stand their ground and their advancement in the way to life and peace forever. has been the solicitude for that portion of Society, who fill the responsible stations of mothers, that they may stand aquitted in the solemn day of righteous decision when no fig leaf covering will avail, when all ruin will be the plea, that in their pursuit after those things which perish with the using the precious talents committed to them became a prey to the devouring spirit of the World — The lukewarmness manifest in many in the attendance of our religious meetings, has been a subject of deep exercise and in Gospel love have been invited to examin into the cause of this indifference, and departure from that pure principle which shone so conspicuously in our worthy Predecessors and enabled them to press through stripes and sore conflicts to wait reverently in the assemblies of the people upon him whom to serve they counted not their lives dear unto themselves believing that in this day of outward favour we have need to be arousing not only to greater diligence in the attendance of those meetings; but to seek after a preparation of heart when there Concerned to perform that pure and spiritual worship which alone can qualify us to fill up our ranks in Righteousness and whilst we have been thus solicitous for the advancement of those within the pale of our own Society, the degraded situation of many of the descendants of the African race within our borders have claimed a large share of our sympathy; believing that He who hath made of one blood all the nations of them that dwell upon the earth, is calling for fruits at our hands respecting this oppressed people may we then cherish every right opening for their civil literary and religious improvement, much may be done by individuals pitifully in bringing them into a further knowledge of their duty to them selves to one another and their God —

One of the Representatives to the Quarterly Meeting reports they all attended the following Minute was produced from the Yearly Meeting ———

Through the Course of our deliberations upon the state of ~~of~~ things amongst us many minds were dipped into exercise under a view of our short comings, first in our love to God as evidenced in the neglect of those Meetings set apart to wait upon him, and in the ~~[illegible]~~ ability which he graciously Condescends to impart to his humble dedicated ones renew our strength in him from season to season whereby we should be enabled to go on in the fulfilment of every other duty required at our hands. Through the instrumentality of his qualified Servants who have been sent

to labour amongst us, a renewed call was extended on this account — Believing that whilst this deficiency exists we cannot be prepared to love each other becoming our Christian profession and without this love influencing all our actions we have but a name to live and yet are dead.

A solicitude prevailed that the mothers may dive deep, that they may examine how far they are indulging themselves in those things which stand opposed to the lowly simplicity of the Cross of Christ for it is only as they yield themselves obedient subjects to his government in their hearts that they can availingly labour with their precious Offspring and prepare the way of the Lord in their tender minds.

To those who are now in the morning of their day an invitation was extended to embrace the offers of divine mercy which from time to time they have experienced, thus would they be enabled to make war in righteousness against every presentation of evil in its most alluring form, and under the sanctifying operation ~~of the operation~~ of the power of truth they would become blessings in their families; the sweet savour of their spirits would have a gathering influence even upon those more advanced in years.

Oppression in its various ways was feelingly spread before us, and we exhorted in gospel love to redouble our diligence in removing the cause of deep exercise

which from year to year has prevailed respecting the condition of the people of colour placed in our families as children of the same universal parent, fellowheirs of immortality let us not be slack in administering that improvement in their situation, which a beneficent Creator has placed within our power; that so in the awful day of righteous retribution our neglect in this particular may not rise up in judgment against us

This Meeting received the following Extracts from the Minutes of Baltimore Yearly Meeting.

Through the course of this Yearly Meeting we have had cause to renew our Gratitude to the great Head of the Church in that he has still preserved to himself a living remnant who are qualified to labour in his Cause. And to hand forth a word in season. calculated to strengthen the feeble efforts of those whose hands are ready to hang down with discouragements. Those who fill the awfully important station of Mothers have been intreated to go down to the spring of life in themselves where they would receive ability to intercede with their dear Children to come away from all those things which have a tendency to intercept the gentle monitions of divine Light and love, and to alienate their affections from the source of all good, But it has been seen to be of Vital importance that those lay the Axe to the root of corruption in their own minds, that every thing there which stands opposed to the simplicity of the truth may be kept down and thus by combining example

with precept. the young and susceptible minds of those who in very early life are capable of comprehending the fruits of the spirit evidenced in gentleness meekness and love, would would yield to parental restraint where the efforts of a will unsubjected to this precious influence would be unavailing. But whilst an exercise has been felt that parents may stand acquitted in the sight of him who hears the secret intercessions of every dedicated contrite heart, the daughters have not been forgotten but in the persuasive language of gospel love they have been saluted and invited to resist the besetting snares of the world which by yielding to one thing after another termed little in their view have made sorrowful inroads upon those testimonies to the circumscribing power of truth, which we believe many of them have been called to bear And strong desires have prevailed that faithfulness may keep pace with knowledge, then would the animating hope of standard bearers make Joyful the hearts of those who have long borne the burden and heat of the day. And who have often been introduced into a deep travail of spirit that this precious part of the heritage, might in the morning of their day arise and shake themselves from every defilement and put on the beautiful garments of righteousness, through the might of Him who will withhold neither grace nor glory nor any good thing from those that truly love and serve him

this has been felt to be a day of trial, and all been called to a solemn centreing where the still small voice may be heard, that in every conflict that may prevail we may know an anchor to our souls.

They were also affectionately intreated to more frequently to peruse the scriptures of truth particularly the new Testament instead of indulging themselves in those pernicious publications which have a tendency to draw the attention from the source of all good; and much solicitude was felt that every class amongst us might properly appreciate the present time and do our days work while it is yet day "for the night cometh when no man can work." Dear Friends:

In attending my brother's marriage, consummated contrary to discipline, I am well aware that I have violated the order of Society. At Pipe Creek preparative meeting of Women Friends held the 9th of the 5th Mo 1876. Dear Friends.

All the queries and general advices have been read, and written answers considered and united with, which we forward to the Monthly meeting to be held at Bush Creek, the 19th inst. A concern has arisen in this meeting, in regard to the manner in which the Friends Intelligencer has been furnished to our less favored members. We, therefore feel that each Monthly Meeting knows the necessities of its own members, and can as well supply them with copies directly, as to forward contributions to the Yearly Meeting for that purpose; and by so doing, better fulfill the Scripture injunction, and advice of our discipline, "not to let the left hand know what the right hand doeth." Hence, we have declined to make contributions this year, to the Yearly meeting fund.
