Letter from "A FARMER & PLANTER" to "FARMERS & PLANTERS OF MD" - Time is at hand when all are called upon to render up liberties as, on first Monday, delegates will be elected to consider constitution. "Read the said constitution, and consider it well before you act -- I have done so, and can find that we are to receive but little good, and a great deal of evil;" That RICH MEN are in favour ought to put all others on guard.
