

Standaunt Que 27. 210⁷. 1785

Sir

Edw. Joseph
Dashie

W. Clark having purchased a considerable quantity of Blank and Scantling before my Return to Annapolis after his Second Bill was inclosed to me made it unnecessary for you to pay any regard to the Bill I enclosed you, I enclosed you from Delfor. Upon a serious consultation this morning the Board as to be totally changed from what we intended and therefore the additional Bill allowed you by W. Clarke you will postpone executing until you have further ^{orders} from him or me. This Bill now enclosed and not to be executed by being marked Second Plan in the Margin — when it is corrected it will amount to as much or more Scantling than it did at first.
