

Annapolis 16 January 1894

My dear Mr. Wilson,

The cost of restoring the Senate chamber I cannot give but it would be necessary to restore the gallery, the pediment and columns, back of the speakers desk, the chimney and fireplace etc. and to be completed the window seats, and small sash. In fact only the cornice remains (and the niche) of the original. Bits enough are preserved to give the details of style etc. I will be glad to aid you.

My picture looks well in the frame and should like you to see it.

Very truly yours,

Frank B. Mayer
