

Annapolis 27 April 1894,

Friend Wilson,

I was in Washington last week and saw Mr. Evans. He has the drawings of the Senate Chamber when it was refurbished, he says, early in this century. Also the drawings of Old St. Pauls Church and others. I did not see them but he promised to bring them to Annapolis. I find in the old "city hotel" here (Washington quarters) a mantel I think just the nature of the one in the Senate beside a great many bit there of interest in "Colonial". I wish to have an Architectural day with you here. My picture business has not yet got before the Board of P.W.s.

Very truly yours  
Fr. B. Mayer
