BOSTON, September 3.

Last Week several Vessels arrived here from Halifax, and by Letters from Gentlemen of the best Intelligence there, we are told, that in three Weeks Time all the French in Nova-Scotia would be removed out of the Province, but to what Place not known.---That Col. Monckton had Orders to destroy every French Vessel, Boat or Canoe he could find in any Harbour, Bay, Creek or River in the Province, to prevent the Inhabitants from making their Escape.---That our Fleet had taken 7 or 8 French Ships and Snows, two of which from Martinico, the rest from France, laden with Wine, Brandy, Bale Goods, Provisions, &c. most of them of great Value.---That Admiral Boscawen had given Orders to all his Captains to take or destroy every French Vessel that came in their Way, and bring those taken into the Harbour of Halifax.---That nine Transports were gone to Minas, to take as many of the Neutrals as they could carry, and that three Priests or Jesuits had been taken and sent to Halifax, and were put on board the Admiral's Ship for Security, in order to be sent to England.

NEW-YORK, September 8.

On Tuesday Afternoon last at Five o'Clock, arrived here his Majesty's Ship the Sphinx, of 20 Guns, Capt. James Gambier, in nine Weeks from Portsmouth, with whom came his Excellency Sir CHARLES HARDY, Knight, Captain General and Governor in Chief of this Province; and his Family,---as also his Excellency's Sister, and her Husband, Mr. BARONS.

His Excellency remain'd on board the Ship Tuesday Night, and at Half after Ten o'Clock, on Wednesday Morning, left her in the Sphinx's Barge, under the Discharge of her Cannon, and soon after landed at Whitehall Stairs, where he was complimented on his Arrival to this his Government by the Presence of the Honourable JAMES DE LANCEY, Esq; our then Governot, the Members of his Majesty's Council, those of the General Assembly of this Province, who then were sitting on Business of Importance, the Mayor and Corporation, the Reverend Clergy of the City, by all the Gentlemen of the Town, and by a Royal Salute from Fort-George, whither his Excellency was conducted by the Gentlemen aforesaid-mentioned, thro' the Lines of the Militia drawn up on that Occasion. The Dress and Behaviour of the Officers, and the Order of the Men, gave Sir CHARLES great Pleasure. After going through the usual Ceremonies, he was conducted to the City-Hall, where his Commission was published, with the Acclamations of the People. His Excellency afterwards returned to the Fort, to receive the Compliments of the Gentlemen; and then proceeded to the City Arms, where he dined, by Invitation of the Lieutenant-Governor, on an elegant Entertainment, with the Council and Assembly, and many other Gentlemen; and where repeated Healths of Loyalty, Success to his Majesty's Arms both in Europe and America; Prosperity to the English American Colonies;---a speedy Defeat of the French; from off their Borders,---and a total Extinction of their very Name in America, went round with great Unanimity and Dispatch. The Militia was discharged about Two o'Clock in the Afternoon; and at Night the Windows in the City were ornamented with Lights, and two large Bonfires erected on the Commons, where several Hampers of good old Madeira (which prov'd brisker than bottled Ale) were given to the Populace, and where Sir CHARLES's Presence, about Eight o'Clock in the Evening, closed the joyful and merry Proceedings; and the Whole was conducted much to his Excellency's Satisfaction.

PHILADELPHIA, September 11.

We hear from Virginia, that two young Women, Daughters of one Lancifcoe, living on the North Fork of the South Branch of Potomack, were taken by the French Indians, as they were looking for their Cows near the Plantation, and carried off. A Party, under Captain Cocks, followed the Track almost to Fort Duquesne, in order to recover them; but could not come up with the Enemy.

September 18. In a Letter from New-London, dated September 8, there is Advice, that Captain Frisby was arrived there in 15 Days from Antigua, and says, that his Majesty's Sloop of War Badger sailed from that Island the Fourteenth of August, with five Merchant Ships under her Convoy for London; and that the Day before he sailed, an Account was brought to Antigua, that the Badger, and three of her Convoy, were taken by a French Man of War of 64 or 74 Guns on the 7th of August. The Captain further adds, that he called at

Old Road, St. Christophers, where he heard the same Account.

A. N. N. A. P. O. L. I. S., September 25.

His Excellency our Governor is expected home from the Eastern Shore on Sunday or Monday next.

On Wednesday Evening, last Week, came up very suddenly, a violent Gull of Wind, by which, we hear of a good deal of Damage done in the Bay, by oversetting of several Boats, and small Craft, and several People were drowned.

Great Rejoicings were made in several Parts of this Province, on the Arrival of the good News of General JOHNSON'S Defeat of the French near Crowm-Point.

Some Dutch Men, who are just come to Baltimore-Town, from the Northward, report, that our Friend Hendrick was come in safe to General Johnson's Camp, and had brought a Number of Scalps. We hope this is true.

We hear that a Man is in Prison in Frederick County, to be tried at the approaching Assizes there, for counterfeiting the Ten Shilling Bill of the Province of Pennsylvania, bearing Date August 30, 1739. The Counterfeits are most wretchedly done, and are very unlike the true Bills; the Crest on the Coat of Arms, looks more like an Owl than a Demi-Lion; the two Flowers, one on each Side the Coat of Arms, in the false Bill, look more like Apple-Dumplings than Crowns; the false Bills are pasted on the Back to conceal the Rose Leaf and Sage Leaf, and the Words, To Counterfeit is DEATH. In short, the whole is so badly done, that the Fraud may be discovered with half an Eye, notwithstanding which, several Persons in this Province have been imposed on with them; and the Intent of publishing this, is, to prevent further Impositions of the Sort.

SOME Years ago, one James Wakwork came into this Country, from England, and it is said lived at Bladensburg. Now if the said Wakwork be living, and will apply to the Printer of this Paper, he will hear of something to his Advantage; or if he be dead, and any one will acquaint the Printer therewith, they shall be paid for their Trouble. *For the Printer*
