YORK, May 30.
Friday last returned here from
the following Privateers, viz. the
t. Alexander, the Sloop Charm-
Harris, and Brig Johnson, Capt.
Carriage Guns; and brought
French Prizes, to wit, Three
nd a Brig, which they took out
Sail, between the 7th and 12th
est-Caucases, as they were bound
is to Bourdeaux: They were
Five French Men of War of
Frigate, when our Privateers de-
left the Cape but 2 Days before
The Ships are of 14 Carriage
Guns

Guns each, are Letters of Marque, stood a hot
Engagement of some Hours, and our Vessels were
obliged to board them before they struck;—
they are at least 300 Tons, the Snow is about
250, and the Brig about 200 Tons, deep loaded
with Sugar, Coffee, Cotton, &c. And, we hear,
one of the Ships has between 80 and 100,000
wt. of Indico on board. The Whole, at the low-
est Computation, is valued at about 70 Thousand
Pounds Currency.

Capt. Grig had 3 Men killed in the Engage-
ment, William Coils, Hugh M'Atce, and Dun-
can M'Cullum, and himself and 14 others wound-
ed; but the Captains Alexander and Harris hap-
pily had none either killed or wounded.

Capt. Alexander, in the Hawke, a Day or two
before they fell in with the abovementioned Fleet,
took a valuable Schooner, bound from the Cape
to Europe, and ordered her for Bermuda, where
she was to lay a Fortnight, and then to proceed
hither, so that, in all Probability, her Arrival
here may be look'd for every Day.

Some of the Prisoners taken in the above Pri-
zes, say, That the Five Line of Battle Ships and
Frigate, when they left the Convoy, in a certain
Lat. were to proceed directly for Louisburg; and
that the Greenwich Man of War, lately taken
from the English, was at Anchor in the Cape;
from which it is natural to think, that either the
Want of Men or Provisions, render the French
unable to fit her out.

Capt. Lyel arrived here Yesterday in 6 Weeks
from the Bay of Honduras: He came out in
Company with Capt. Guilford, of this Port, and
of Cape Antonio, they saw Twelve Sail of large
French Ships, one of which he took to be of 80,
and another of 74 Guns, steering, he was well
assured, for the Mississippi.

The Doctor and some of the Crew late belong-
ing to the Privateer Snow Earl of Loudoun, Capt.
Valentine, of this Port, came home in the above-
mentioned Privateers, having joined them at Ja-
maica, and acquaint us, That on the 18th of
March last they had the Misfortune to fall in with
two French Frigates, whom they engaged for some
Time, in Hopes of getting clear, but was at
length obliged to strike, after having Mr. Forsey,
their Master, and another Man, killed: And in a
Day or two after, they were, to their very great
Joy, retaken by the Privateer Sloop Elizabeth,
Capt. Horton, of this Port, and Capt. Hansen,
of Antigua, and sent down to Jamaica.

We have now in this Port 20 Privateers, who
only wait Permission to proceed on their respective
Cruizes; and three Ships, two of which are to
carry Twenty-four 9 Pounders, and the other
Eighteen 6 Pounders, will be launched in a few
Weeks, belonging to this Port also.

PHILADELPHIA, June 2.

By Captain Allison, from Antigua, we have an
Account of the following Vessels, bound to Anti-
gua, being taken by the French, and carried into
Guadaloupe, viz. Capt. Butler, in a Snow from
Boston; Capt. Townsend, in a Schooner, and
Capt. Parker, in a Sloop, both from Maryland.

Captain Tallin, of Lancaster, in a Snow from
Guiney, bound also for Antigua, was likewise
taken; but the Captain of the Privateer that took
him, after taking out above 160 Negroes, return-
ed the Vessel, and put some English Prisoners on
board her, who arrived at Antigua the First of
May.

Since our last Captain Rench arrived here from
Newry, which Place he left the Eighth of April.
They had then no Advice there of the Men of
War being arrived at Cork that were to convoy
the Transports with the Forces to North-America,
but they were looked for every Hour; that the
Troops were all ready to embark upon their Ar-
rival; and that it was thought they might sail
about the Middle of April.

We hear from Carlisle, that several skulking
Indians are daily seen near that Place, which
gives the Inhabitants a good Deal of Uneasiness.

Extra of a Letter from Heidelberg, in Berks
County, dated the 30th ult.

"Just now a Messenger-arrived, who informs,
than on Saturday last one Eckinrod, of Linn
Township, in Northampton County, was shot
and scalped by some Indians behind his Houfe,
near the Wood Side; that one of his Sons, about
eight Years of Age, was carried off; and his
Daughter, about six Years old, shot through her
Right-arm, but escaped, and is likely to do well.
She says she saw two Indians; and another of
Eckinrod's Sons saw two Indians scalping his Fa-
ther, but had Time to run off."

ANNAPOLIS, June 9.

The Embargo on all Shipping, bound from
this Province for Great-Britain or Ireland, was
last Week taken off.

On the 27th past, John Grimshaw was Executed
at Upper-Marlborough, pursuant to his Sentence at
their last Assizes, for Burglary.

We just now hear, that Capt. Judson Coolidge,
in the John and Anne, is arrived in Patuxent, from
London, but last from Falmouth in seven Weeks;
with whom came Passenger Mr. Lloyd Buchanan,
of Baltimore-Town. That there came two other
Ships into the Bay with him, one of them the
Duke, Capt. Maitland, into Patuxent; and the
Trial, Capt. Scott, now coming up the Bay.—

For what News they may have brought, we must
refer our Readers to our next Week's Gazette; if
Good, 'twill be then Welcome; if Bad, 'twill
be soon enough.—It is said the great Mr. Pitt
is removed, on Account of his bad State of Health,
and Inability of Attendance, from being one of
the principal Secretaries of State, and Lord Eg-
mont put in his Place: That the Kings of Denmark
and Sweden having declared they would stand by
the King of Prussia, in case the Russians should
assist the Empress Queen, the latter had stopp'd
their March: That his R. H. the Duke was gone
over to Hanover to take the Command of an Ar-
my of 70,000 Men, &c. &c.

H. CALLISTER, Agent for FOSTER
CUNLIFFE and SONS, Esqrs. de-
sires all Debtors to their Concern at Oxford,
to make Payment in Cash or Tobacco, or in Wheat
so long as he is willing to take it; and those who
are not able to make immediate Payment, are
desired to come and settle.

As he is conscious of having hitherto treated
his Debtors with exemplary Lenity, notwithstanding
the malicious Aspersions on his Character by a
Set of abandon'd and ungrateful Wretches, whose
deperate Circumstances constrain'd him to take
the Steps necessary to secure the Interest he has
Charge of, and such Aspersions have been with
more Ill-Nature fomented by others: As it must
be evident to all dispassionate and discerning ho-
nest Men, that he has hitherto adhered to the
strictest Rules of Humanity in collecting the Debts
due to his Constituents, and given their Debtors
the fairest and happiest Alternative in the Method
of Payments that the Heart of an honest Man can
desire, and which they cannot with Justice claim,
having constantly given higher Prices to his Debt-
ors than he could purchase for of others, and tak-
ing a losing Commodity; he is still Consistent, and
will have all the Patience a reasonable Man can
wish, on taking Bonds, or good Surety, where
the Circumstances of the Debtor appear to him
precarious. This he is induced to from the Con-
sideration of the present Times bearing hard on
many, and purely for their own Sakes, for he has
had his Patience already tried and abused, and
does not think himself obliged to suspend the Ri-
gour of Justice. This, it is hoped, People will
reflect upon, and alter their Conduct with regard
to him.

He has still on Hand, a considerable Quantity
of European and West-India GOODS, both old
and fresh, which he will sell cheap for ready To-
bacco, Cash, or Wheat.
