MARYLAND

Containing

CHARLES-TOWN (South-Carolina) July

YESTERDAY the General Assembly of the Province adjourned till September next, having finished the Business of this short but important Sitting, by passing the following Act, to which his Excellency gave his Assent, viz.

AN ACT, granting to his Majesty's Aid of One Hundred and Sixty Thousand Pounds Current Money, to defray the Expence of raising, cloathing and maintaining, for One Year, a Regiment, to consist of Seven Companies of Soldiers, each to be composed of 100 Men besides Officers, Five of which Companies to be employed as well in the immediate Defence of South-Carolina, as in the general Service of North-America, and the two other Companies to be employed wholly in the Defence of this Government; to discharge the Arrears due to the Province garrisoned at Fort Loudoun; and to pay for Months Provisions for the said Provincials: Granting to his Majesty, the further Sum of Four Thousand and Three Hundred Pounds for fortifying Charles-Town, and repairing and strengthening Fort Johnson: And for stamping Orders for the more expeditious issuing of the Sums, together with the further Sum of Twelve Thousand Pounds heretofore granted to his Majesty for the Use of Fortifications; and providing Funds to call in and sink the said Orders within the Times therein limited.

It is said, that a Society or Association is forming, by the Merchants, and others, in Charles-Town, every Member of which is to deposit a certain Sum, at his Admission, for constituting a Fund (which is intended to be kept up, by Monthly or Quarterly Contributions, as well in Time of Peace as War) from which one or two Vessels of War may, upon any sudden Occasion, be immediately fitted out. Different Plans having been proposed by different Gentlemen, perhaps the Account of them may not be disagreeable to Readers: Some propose purchasing a good munda Sloop (or Brig) or two, to be completely fitted with Cannon, Stores, Small Arms, &c. held in constant Readiness to put to Sea, with a few Men on board to preserve every Thing in Order; so that whenever a Privateer appears on the Coast, there may be nothing else to do but manning and victualling: Others, are for purchasing only Cannon, with all necessary Stores, Small Arms, Cutlasses, &c. sufficient for fitting out two Vessels and 150 Men; and for hiring fitting the Vessels when wanted, if then to be hired. And others again, are only for establishing a Fund to hire and fit out one Vessel, when there is an urgent Necessity for so doing. We have no Reason at present for more Particulars; but the First proposal is generally thought the best, for many Reasons, but in particular, because it often happens that there is not One Vessel in the Harbour proper to be fitted out, and also, because his Majesty's Ships cannot at all Times go over the Bar, the Consequence of which we need not mention. Country-Gentlemen would join in forming a Society or Association, Two Vessels might be fitted out, and alternately cruize to protect the coasting Schooners employed in bringing their produce to Market, &c. And it is thought, that such a Scheme will be well relished by the loyal Country Gentlemen, who some Time since formed a Subscription for equipping a Country Vessel of War.

July 14. The Day after the Publication of our last Gazette, Daniel Pepper, Esq; late Agent from this Government in the Creek Nation, returned from thence with about twenty Indians, having left every Thing quiet there at the Time of his Departure: The Indians are since set out
