It is, on these Occasions, a National Honour, from a Free People; even cautiously to be conferred, in Order to be the more esteemed— to be the greater Reward; and which ought to be reserved for the most signal Services to the State, and the most approved Merit in them; such as this House has usually, and very lately, made their Objects of Public-Thanks."

"The Use, I am persuaded, you will make of this just Testimony, and high Reward of your Services and Merit, will be the preserving in your own Mind a lasting Impression of what the Commons of Great-Britain are now tendering to you, and in a constant Continuance of the Zeal, and Ardour for the Glory of your King and Country, which have made you to deserve"

In Obedience of the Commands of the House, I do, with great Pleasure to myself, give you the Thanks of the House, for the Services you have done to your King and Country in North-America."

Upon Which Admiral Boscawen said:  
"MR. SPEAKER,  
"I am happy in having been able to do my Duty; but have not Words to express my Sense of the distinguishing Reward, that has been conferred upon me by this House; nor can I enough thank you, Sir, for the polite and elegant Manner in which you have been pleased to convey to me the Resolution of the House."

"This Evening arrived two Mails from Holland, by which we learn that the King of Prussia was still at Dresden; that he had required the States of Saxony to furnish 18,000 Recruits against the Spring; and the Clergy, Abbays and Convents, to pay 150,000 Crowns towards defraying the Charges of Rebuilding the Suburbs of Dresden; and had also ordered the Superintendent not to be sparing in distributing Money to such as should appear to have lost their All by the Burning of the Suburbs."

"Marshall Daun hath established his Head Quarters at Prague."

"We hear that a Warrant is ordered for holding a general Court Martial on Major-General Lord Charles Hay."

"We hear that a Pardon is ordered for Dr. Hensley, now a Prisoner in Newgate for High Treason, which will pass the great Seal before the Holidays, on Condition that he transports himself out of these Kingdoms within a limited Time."

"This Morning set out from the Blue Post on the Point for London, 18 Waggon's loaded with the Merchants Money brought home in the Intripid Man of War, Capt. Pratton, from Cadix. The whole Sum is upwards of 1,100,000 l. all in Dollars."

*Extract of a Letter from a Gentleman in Dublin, to his Friend in London, dated Nov. 14, 1758.*  
S I R,  
"I received yours some Time since, and am sorry to write to you on so melancholy an Occasion. The Vessel on board whereof the Box you forwarded to me was shipped, i. e. the Dublin, Capt. White, foundered at Sea; and every Person therein to the Number of 66 Souls perished. All the effects the carried are lost; which, it is said, amounted to upwards of 150,000 l. Sterling. It is well known there was upwards of 70,000 l. in Species, and 80,000 l. in Goods. The Passengers were almost all eminent Linen Drapers and Shop-keepers of this City, who were returning from Chester Fair. It is thought this most calamitous Incident will occasion many Bankruptcies, and reduce several Families to Beggary."

*Extract of a Letter from an Officer on board Admiral Saunders's Fleet, Nov. 23.*  
"I have the Pleasure of informing you, that on the 16th Instant, when we were about sixteen Leagues to the Southward of Ushant, the Aetoon gave us Intelligence of five Ships of the Line, five Frigates, and about sixty Sail of Transports, leaving Brest the Morning before. They stood to the Southward. She had not lost Sight of them above ten or twelve Hours before we spoke with her; upon which we made all the Sail that could be set, and stood after them. Next Morning the Aetoon being a Head to look out, made the Signal for seeing a Fleet; then the general Signal to chase, was made, but to our great Chagrin, after chasing eight Hours, they proved to be five Spanish Ships of War. Notwithstanding this Disappointment, we still kept on till we were about 74 Leagues South-west half West, off Ushant, and had determined to have gone farther after them, had not we met with a Gale of Wind from the Southwest, that

drove us to the Northeast; however, we are pretty well assured they have not got to the Southward of us yet, but are put into St. Martins; so I don't despair of meeting with them, as we spread from Cape Ouzal to Ushant."

P. S. The Achilles of 64 Guns, and Dorsetshire, of 74, left us on the 17th Instant, to cruise off Cape Finisterre, for four East India-men."

By a Gentleman from Providence, we learn, that Capt. Cook in a Privateer Sloop belonging to that Place, had taken and sent in there last Week, a Schooner of about 70 Tons, having on board 60 Hogheads of Sugar, and some Coffee; she was bound from Cape-Francois, and the Captain pretends she is Danish Property; but by some Discoveries made, she is like to prove a good Prize."

We have also an Account wrote from Providence, that within ten Days, no less than 11,588 Squirrels were shot in the County of Providence; and that at producing the Heads, 1,500 Horses were at the Tavern.—The Heads of the Squirrels measured 29 Bushels and an Half. [What a fine Meas of delicious wholesome Bread might have been made with such a Number of Squirrels! An old experienced Soap-maker, gives it as her Opinion, that they would not (if well Cook'd, with their Heads on) have made less than 3,259 Gallons and a Pint.]

We hear from Rhode-Island, that the New-York Privateer Brig Sampson, and her Prize, were cast away there in the violent Storm we had last Friday Se'nnight, the former near Collins's Farm, the latter on Point Judith.

Capt. Jesse Davis in a Sloop from this Place bound to the West-Indies, was cast away near Plymouth, in the late stormy Weather: The Captain and one of the Men were drowned.

Last Thursday Morning Capt. French arrived here in four Days from Halifax, and informs, that the Captains McFarland and Read, in two Sloops bound from the Eastward to Annapolis Royal with Wood, foundered at Sea in the late stormy Weather; all the People, except one, were taken up by Capt. Tocker from Lisbon, who arrived at Marblehead last Wednesday.

Capt. Hewitt in a Sloop belonging to Piscataqua bound to this Place, foundered at Sea in the late stormy Weather; the People saved their Lives by taking to their Boat, and got safe into Plymouth."

N E W Y O R K, February 19.

On Wednesday Morning about two o'Clock, the hardest Gale of Wind (attended with Thunder and Lightning, and Snow) arose from the Northwest, that has been known here for some Years past, which hath done vast Damage to the Wharfs and Shipping in this Port:—It is thought 5000 l. will scarcely repair the Damage done in general."

On Tuesday last a Dutch Schooner from Cape-Francois, arrived here thro' the Sound; taken and sent in by the Captains Leycraft and Valentine, in two Privateers from this Port:—Her Lading is Sugar, &c."
