Extract of a Letter frem Landon, Dec. 29, 1759...
"The Time is fixed for the Meeting of the Plenipotentiaries at the Hague, but most People think 'twill be to no Purpose, and look upon it as a Thing only done to shew the World that we are willing to establish Peace—without the Help of Mediators. The Gazette confirms the Affair at Fulda, with regard to the Wirtemberg Troops. The King of Prussia, 'tis true, has lost a Number of Men under Finck and Wunch, but not so many as is gave out, and the better half of those taken have fince made their Escape, and returned. The Stroke given to Conflans is of the greatest Moment; and will do Honour to Hawke, till Time shall be no more. Our Channel is lined with English Cruizers; and besides a powerful Squadron still in the Bay, Commodore Boys is in the North Sea, and Rodney between Portsmouth and Havre; Holbourne with near 30 Sail lying at Portsmouth; Sir Piercy Bret in the Downs; and a Fleet sitting out with the utmost Expedition, where destined is not known, but is generally concluded to be going to the West-Indies.

Feb. 25. We hear from Santa-Croix, that a dangerous Negro Conspiracy has been discovered there, and the Ringleaders executed.

The Negroes at Surinam having also lately re-

volted, the Dutch Governor has informed their High Mightinesses the States General thereof, who are going to fend a Reinforcement to reduce the Blackmores to Obedience.

The Hull of the Mermaid Man of War is entirely loft, the Rigging, &c. was faved. Capt. Hack-man and his Crew are gone to South-Carolina from Providence.

The 24th of January last, several Prisoners, confined in the common Goal of the Island of Antigua, were to take their Trial for treasonable Correspon-

dence with the Enemy.

March 3. Thursday Night last an Express arrived here by Land from Charles-Town, in South-Carolina, to his Excellency General Amherst, on Account of Indian Affairs; and we hear that 600 of the Royal Scotch, and 600 of Col. Montgomery's Highlanders, are immediately to embark for that Province, (Transports being already taken up here for that Purpose) in order to curb the insolence of the Cherokce Indians.

By a Letter from Albany we are informed, That as Major Rogers was lately going from Ticonderoga to Crown-Point, with about 16 or 20 Sleighs, laden with Provisions, &c. they were waylaid by about 150 French and Indians, who upon the main Body of Rogers's Party coming up, fired upon them, kill'd 3, and took 9 Prisoners; but happily for the Major, he, with another Sleigh, had but just got past when the rest were discovered, and proceeded for Crown-Point, where, no doubt, they arrived fafe.-The hindermost of the Sleighs observing the others attacked, immediately turned back and bro't this Account to Ticonderoga .-- The Morning after the above was received, a Party of Men were ordered out, who found a Squaw, (one of the three) that was shot; and proceeding farther, found her Husband, a Friend Indian, hanging on a Tree, with a Glass close to his Face, supposed to be then

but just scalped, alive.

The Small-Pox is prevalent in-all Parts of

this Town, which, added to the cruel Murders of the Cherokees on the Frontiers, has almost stag-nated all Business."

PHILADELPHIA, March 6. Extract of a Letter from Charles-Town, in South-Carolina, February 4, 1760.
"We lately wrote you, that the Cherokee In-

dians had submitted to our Demands of Satisfaction for former Infults, by furrendering some, and leaving Hostages for the Delivery of others, of their People, who had been concerned in murdering some of our back Settlers, and had also entered into a firm Treaty of Peace with this Government; but was our Army' withdrawn from their Country, than they shewed their Insincerity, first by cruelly murdering every white Man they could lay Hands on (for a few happily escaped) in their, Towns; surrounded Fort Prince George; cut off all Intercourse with our upper Fort Loudoun, and followed the bloody Stroke, by massacreing Numbers of Families in the remote Parts of the Province,

and now have penetrated within 60 or 80 Miles of this Town, leaving the Marks of favage Cruelty At the usual Race Ground, near ALEXANDRIA, on and Devastation wherever they go. We are make

ing Head against them, and hope, in a few Weeks, to repel them, and prevent further Incursions; and when we receive Succours from General Amherst, and the neighbouring Provinces, we may chastise and humble them; but, in the mean time, our Dif-tress is great, and greatly aggravated by the Small Pox, which spreads amongst us. Some Thousands are now under Inoculation, and many taken down in the natural Way; of the latter a pretty large Proportion have died. We shall know the Effects of the former about ten Days hence. These Calamities united, throw us all into great Confusion, and we shall feel the Effects for a long Time."

There are many other Letters from Carolina, relating to the Diffress of the Inhabitants of that Colony, ocasioned by the Persidy of the Cherokees, and the Raging of the Small Pox; but, they are much the same in Substance with the above.

We hear that Mr. Montrisore, an Engineer, is arrived at Boston from Quebec; that he and his Party were Thirty Days on the Road, Ten of which they were without any Sort of Provision, and were obliged to eat the Leather of their Cartouch Boxes, and the Tops of their Shoes; and that all was well at Quebec, when they left it.

all was well at Quebec, when they left it.
