

... sensible of the Offer their High Mightinesses had made of the Town of Breda for holding the Congress: That his Majesty, to give a fresh Proof of his sincere Desire to increase the good Harmony that subsisted between him and their High Mightinesses, accepted their gracious Offer with Pleasure; but as he could do nothing without the Consent of his high Allies, it behoved him to wait for their Answer, which could not fail to be favourable, if nothing but the Place for holding the Congress remained to be settled."

A Letter from the Hague, of the 11th Instant, says, that since the delivering of the aforesaid Declaration, Bills on Saxony, and particularly Leipzig, which two Months before no Body would take but at 50 per Cent. Discount, had rose 25 per Cent.
The same Letters tell us, that General Yorke had delivered, on the preceding Tuesday, the King his Master's Answer to the Offer made by the States General of the Town of Breda for holding the Congress: which Answer imported, "That the King his Master thanked their High Mightinesses for the sincere Desire they express to put an End to the Ravages of War, which carry Desolation all over Europe; that he readily accepted their gracious Offer, and would be extremely pleased, from his high regard and invariable Friendship for their High Mightinesses, that all the other Powers at War would likewise accept it." Notwithstanding this Answer, the People of Holland are afraid that the Courts of Vienna and Petersburg will want the Congress to be held in some Place out of the Territory of the Republic.

Captain Evers, Wilson, and Watt, left Portsmouth about 34 Days ago, in Company with the Virginia and Quebec Fleets, the former consisting of 50 Sail, under Convoy of a 60 Gun Ship, the latter of 17 Sail, with Stores for Quebec, were under Convoy of the Devonshire and Kingdon Men of War, of 64 Guns each: Captain Evers informs, that three Men of War, and a Number of Transports, having about 6000 Men and Horses on board, had sailed from the North, to reinforce the Allied Army in Germany, under Prince Ferdinand. That the French were so much elated upon their Privateer's taking so rich a Prize as the Thames from Leghorn bound to London, supposed to be worth near 100,000l. Sterling, that they had fitted out 14 large Privateers to cruise about the Chops of the Channel, but that by the Vigilance of some of our cruising Ships of War, five of them were taken and the others drove into Port, so that the Channel is now clear of them.
In Capt. Watt came Passenger the brave General Winflow.

NEW-YORK, June 9.
Since our last great Part of the Connecticut Forces, under Colonel Whiting, passed this City to join the Army above.
We hear from Albany, that two Indians (the one belonging to New-Jersey, and the other to the Massachusetts) taken Prisoners at Fort William Henry, had come in from Montreal, which Place they deserted the 18th of May: They say, that for some Time before they came off, the Accounts received from the French Army before Quebec, were, that they had had two or three Engagements with the English on the Plains of Abraham, in which, tho' they were beat off in one or two of them, yet they took a Number of Cannon from the English, and drove them back into the Town, with the Loss of a great many Men. But that on the 16th of May, other Accounts were received at Montreal, that the French Army were actually coming back from before Quebec; which, they say, threw the People into great Amazement, and when they came away, left them universally in Tears, lamenting the great Loss of their Friends in the Siege; and had now given over all Hopes of holding the Country.
These Indians further add, that the French said they battered Quebec Walls so low that they could put their Hands on the Top.—At this Time we suppose Mr. Murray dosed them.
They also say, that Monsieur Vaudreuil did

not go against Quebec, but that he remained at Montreal.
General Amherst was still at Albany: And we are told the foregoing Intelligence is very much credited there.
A third Indian run away from Montreal, in Company with the aforementioned two, but being all pursued, he unhappily was taken.

Said Powell is a Native of Shropshire in Great-Britain, 21 Years old, and about 5 Feet 7 Inches high, was bred a Flax Dresser, but does not love Work, he writes a good Hand, and understands Accounts, has dark Hair, is much pitted with the Small-Pox, stoops, and is much inclined to be slovenly.
