To the PRINTERS

GENTLEMEN,

AS the Scarcity of Specie in this Province, makes a Paper Currency absolutely requisite, for the convenience of carrying on the mutual Dealings of the Province, I offer, a plain, simple, easy Scheme, to supply the Want of Specie: If you find it in your Paper, 'tis offered, with a view to the Interest of the Province, and may at least be a Mean of inducing the People to offer a better.

I propose, that 150,000 l. Currency be struck, and issued, by paying to each Taxable (the Number of Taxables in the Province computed to amount to 50,000).

That the Bills so issued shall pass as legal Payments.

As a Fund for paying, and sinking the said Currency, it is proposed, that each Taxable pay yearly, and have added to his Paper, being 5 per Cent. of the 3 l. lent him in the Whole in 20 Years Time.

That as this annual Payment be 7500 l. this Sum shall be annual 4 per Cent. in any Sum not exceeding 100,000 l.

That the Commissioners in this Province shall be tied down to lend to no Person who has a landed Estate, double the Value of the Money borrowed, free of all Incumbrances.

To ascertain this, that they shall call on the Judge of Court, and the Justices, of the County where the Money is lent, to certify the value of his landed Estate.

That to insure the Public in borrowing, for the Sum borrowed, shall be a Statute or Judgment Bond, the Interest to be paid, before any Money is lent out of the Borrower's personal Assets.

As a further Security to the Public, that if any Money be borrowed, shall affect, and be as good as a Mortgage on the landed Estate, as if mortgaged to the Public.

That the Purchaser of any such Money, shall be liable for the Payment of the Sum borrowed, in every County, shall from time to time send the respective County Clerks, to be empowered to see the Lift of the County, and to certify the same.

That if each Year's Interest be not paid, the Borrower, in Half a Year after, shall directly be put in Suit; and in two Years after due, the Commissioned and accountable as if paid.

That the yearly Interest of the Money lent out, shall be, by Direction of the Assembly, laid out in helping to pay the Interest of the Province, or for such other Purpose, as the Assembly shall think proper.

And lastly, that the Assembly shall be empowered to pay the whole Province to the paying of the said Paper, at Expiration of 20 Years, in Silver, at the Rates settled in the Act.

I shall hint at the Advantages of this Scheme, would naturally reap, by putting it in Execution:

1st. Every Taxable would, in the Use of 3 l. without any other Charge, have his Debt sensibly paid, by the Paper yearly.

2^d. Whoever had Occasion for Money, would find it easier to obtain, than with a private Lender, his Lands would be taken as a Security, he behaved to trouble those, who were interested in the Affair, to bid for the Money.

This annual Sum to be lent, will naturally soon reduce Interest to 4 per Cent.
