Mr. GREEN,

IT is no new Thing to find that Interest blinds the Person affected, and even often biases the Judgment. The late Advertisement of the Rock-Hall Ferry, Mr. Callister thought would be a Means of Strangers and Travellers finding out the Place, tho' it did not tell them that it was situate on a Creek that makes in from the Mouth of Chester opposite to Swan-Island, on the Kent County Shore, and this brought his Fears on him that he should lose a Shilling now and then by Travellers taking the Road to Rock-Hall, and avoiding his Ferry. This Interest then, I imagine, produced all that Justice that is done the Public in his Letter of the 14th of July, which you were pleased to publish, wherein he is so blinded as to insinuate that the Traveller would carry his Horse over 25 Miles of Water, to save 4 Miles Riding, when by his own State of the Matter he would ride 47 Miles from George-Town to Kent-Island, and but 30 to Rock-Hall: This must save 17 Miles, and as it is but 16 Miles from Chester to George-Town, and he says 18, it must save 19 Miles at least (and I am apt to believe he is a few Miles short of the Truth in the 18 Miles from Dockery's to townside) besides the Crossing Two Ferris, which causes Expence, Delay and Trouble. To Rock-Hall is a very good Road, clear of Ferris or Obstructions, a good Stage at Chester-Town, and a good Harbour at the Place for the Boats, Water enough to go off at all Tides, and that directly from a Wharf into the Boat, when sometimes People have been detained 2 or 3 Days together with low Tides at Kent-Island, besides the Inconveniency of getting off and on to the Boats, which are obliged to lay far out in the Bay for want of Water to get in. I imagine the Gentleman exceeds also in supposing it 25 Miles by Water, because we have frequently run it in Two Hours with a moderate Gale; but be it so, with a good Wind 'tis soon run, and being up and down the Bay, the Tide, when it answers, quickens the Passage much. Therefore, laying all Prejudice and Interest aside, it must be a much more eligible, expeditious, and convenient Way, for Strangers and Travellers to pass to and from Annapolis to the Northward than any other Way, Townside not excepted. And I think, to use the Gentleman's own Words, your publishing this in Answer to his, (as you thought fit to publish that) will be a Testimony of your Candour and Ingenuity. And then let Truth itself, and not the bare Averment of either the Keeper of Townside or Rock-Hall Ferry, prevail with the Travelling Stranger. I am, Sir, Your most humble Servant, ABRAHAM AIRES.
