WILLIAM KNAPP, WATCH-MAKER,  
TAKES this Method to acquaint the Pub-  
lic, That he has provided an Assistant in the  
WATCH-MAKING BUSINESS, which will  
enable him the better to Dispatch the Work of  
those Gentlemen who have, and may employ him.  
He hopes his past Endeavours in that Way, may  
have answered the desired End. It is manifest  
from daily Experience, that Numbers of Watches  
(which have been originally well executed) have  
severely suffered thro' the unskillful and injudicious  
Practice of some Men, who assumed the Knowledge  
of a Business to which they were only Pretenders.  
Those Watches which have been many Years in  
Use, and consequently Wore, he will engage to  
Mend, as well as when New; and will at a very  
moderate Expence keep, those he Repairs, in Or-  
der; for Ten Years, all Damages excepted which  
may accrue to 'em from Accidents, such as a Fall,  
and the Breaking of a Main Spring, which the most  
discerning Workman cannot often Account for,  
nor the ablest prevent.  
He Makes, and will Supply any Gentlemen with  
HORIZONTAL, SECONDS, or PLAIN WATCHES,  
and will engage the Quality to be equal to any  
Imported from LONDON.
