WILLIAM KNAPP, WATCH-MAKER,

TAKES this Method to acquire the Pub-
lic, That he has provided an Assistant in the
WATCH-MAKING BUSINESS, which will
enable him the better to Dispatch the Work of
those Gentlemen who have, and may employ him!
He hopes his past Endeavours in that Way, may
have answered the desired End. It is manifest
from daily Experience, that Numbers of Watches
(which have been originally well executed) have
severely suffered thro' the unskillful and injudicious
Practice of some Men, who assumed the Knowledge
of a Business to which they were only Pretenders.
Those Watches, which have been many Years in
Use, and consequently Wore, he will engage to
mend, as well as when New, and will as a very
moderate Expence keep, those he repairs, in Or-
der, for Ten Years, all Damages excepted which
may accrue to 'em from Accidents, such as a Fall,
and the Breaking of a Main Spring, which the most
disciplin'd Workman cannot often Account for,
nor the ablest prevent.

He Makes, and will Supply any Gentlemen with
HORIZONTAL, SECONDS, or PLAIN WATCHES,
and will engage the Quality to be equal to any
Imported from London.

RAN away from the Subscriber, living near
Annapolis, about the last of June, a Malinco
Fellow named Corus, about 5 Feet high; he is
bow leg'd, his Toes incline to turn inward; he
has a down Look, and is slow of Speech; he has
black Hair, which turns much. Had on a Cloth
colour'd Waistcoat, with yellow Metal Buttons;
an Osnabrigs Shirt, and old Leather Breeches.

Whoever brings the said Fellow home, shall
have Twenty Shillings Reward: If taken out of
the Province Forty Shillings, and reasonable
Charges, if brought home; paid by
GEORGE HOBKINS, Junior.
