WILLIAM KNAPP, W A T C H - M A K E R,

TAKES this Method to acquaint the Public, That he has provided an Assistant to the WATCH-MAKING BUSINESS, which will enable him the better to Dispatch the Work of those Gentlemen who have, and may employ him! He hopes his past Endeavours in that Way, may have answered the desired End. It is manifest from daily Experience, that Numbers of Watches (which have been originally well executed) have severely suffered thro' the unskillful and injudicious Practice of some Men, who assumed the Knowledge of a Business to which they were only Pretenders. Those Watchmen, which have been many Years in Use, and consequently Wore, he will engage to Mend, as well as when New; and will at a very moderate Expence keep, those he Repairs, in Order, for Ten Years, all Damages excepted which may accrue to 'em from Accidents, such as a Fall, and the Breaking of a Main Spring, which the most discerning Workman cannot often Account for, nor the ablest prevent.

He Makes, and will Supply any Gentlemen with HORIZONTAL, SECONDS, or PLAIN WATCHES, and will engage the Quality to be equal to any Imported from LONDON.

R AN away from the Subscriber, living near Annapolis, about the last of July, a Mulatto Fellow, named Cray, about 5 Feet high; he is bow legg'd, his Toes incline to turn inward; has a down Look, and is full of Spright; He has black Hair, which curls much; Had on a Cloth colour'd Waistcoat, with yellow Metal Buttons; an Osnabrigg Shirt, and old Leather breeches.

Whoever brings the said Fellow home, shall have Twenty Shillings Reward. If taken out of the Province, Forty Shillings, and reasonable Charges, if brought home, paid by
