N. B. Conveyance as usual, by Way of Messieurs Middleton and Reith.

WILLIAM KNAPP, WATCH-MAKER,
TAKES this Method to acquaint the Public, That he has provided an Assistant in the WATCH-MAKING BUSINESS, which will enable him the better to Dispatch the Work of those Gentlemen who have, and may employ him. He hopes his past Endeavours in that Way, may have answered the desired End. It is manifest from daily Experience, that Numbers of Watches (which have been originally well executed) have severely suffered thro' the unskillful and injudicious Practice of some Men, who assumed the Knowledge of a Business to which they were only Pretenders. Those Watches which have been many Years in Use, and consequently Wore, he will engage to Mend, as well as when New; and will at a very moderate Expence keep, those he Repairs, in Order, for Ten Years, all Damages excepted which may accrue to 'em from Accidents, such as a Fall, and the Breaking of a Main Spring, which the most discerning Workman cannot often Account for, nor the ablest prevent.

He Makes, and will Supply any Gentlemen with HORIZONTAL, SECONDS, or PLAIN WATCHES, and will engage the Quality to be equal to any Imported from LONDON.

RAN away from the Subscriber, living near Annapolis, about the last of June, a Mulatto Fellow named CYRUS, about 5 Feet high; he is bow legg'd, his Toes incline to turn inwards, has a down Look, and is slow of Speech; he has black Hair, which curls much. Had on a Cloth colour'd Waistcoat, with yellow Metal Buttons, an Osnabrigs Shirt, and old Leather Breeches.

Whoever brings the said Fellow home, shall have Twenty Shillings Reward. If taken out of the Province, Forty Shillings, and reasonable Charges, if brought home, paid by
GERARD HOPKINS, junior.

As Mr. Charlton is a young Beginner, he hopes by his Industry and close Application to Business, to merit the Favour of the Public; and they may be assured of being served with genuine Medicines, and every Thing the best of it's Kind. As a Store of this Kind, well assorted, has been long with'd for in Frederick-Town, he has settled Correspondence at Philadelphia and Annapolis to forward his Goods, as soon as they arrive from London, as he intends Importing them fresh by every Vessel, so that he will be always well assorted. It will be a great Ease to the Physicians in these Parts, to have an Opportunity of being supplied from him, as he sells on the very cheapest Terms; and any Gentlemen that please to favour him with their Custom, may depend on having their Orders executed with Care, Punctuality, and Dispatch.
