

SUPPLEMENT

To the **MARYLAND GAZETTE**, [No. 1135.]
ANNAPOLIS, JUNE 11

Plantations, has been for the obtaining a Bounty to be paid on the Importation of North American Corn into Great-Britain, by which a very great Sum of Money will be saved to the Nation.

It is whispered, that a certain foreign Minister has been told, his Presence is no farther necessary at this Court.

It is confidently reported, that a considerable additional Bounty will in a few Days be granted for a limited Time, on all foreign Corn that shall be imported into Great-Britain. It is to be hoped it will be extended to other Provisions.

Fifty Ships, laden with Corn, are daily expected to arrive from Dantrick.

The Genevese, who had obtained Permission to remain some Time longer in Paris, have at length been obliged to retire from that City, the Affairs between the French Court and the Republic still remaining in the same Situation.

John Elliott, Esq; is appointed Vice-Admiral of the Province of West-Florida, in the Room of George Johnstone, Esq;

We hear that a few Days ago arrived, at the Hotel in King-Street, St. James's, from France, Nine Gentlemen of Distinction, to settle the Canada Bills, most of whom have been at that Place.

Yesterday there was the fullest House of Peers that has been since the Commencement of the present Sessions, and sat till after Seven.

According to the Fourth Paragraph of the Edit lately published at Stockholm, for enlarging the Liberty of the Press, the Printer of every Book is directed to print the Author's Name on the Title Page, and the Author alone, and not the Publisher, is, in that Case, to be answerable for any exceptionable Passages; but if this Precaution is neglected, the Printer is then to be considered as the Author; except when the Author, for particular Reasons, desires to remain unknown, and gives his Name in Writing to the Printer, to be produced if called for by Authority.

It is said great Jealousies and Parties prevail at the Court of Manheim, owing to the particular Favour shewn to all the English by the present Elector Palatine.

It is currently reported now, that the Proposals of a certain great Company will not be approved; and it is said there have been some Overtures made within those few Days by some Men of great Opulence in the City, for laying the Trade open, with a favourable Reception.

On Examination, it comes out, that the Conquests in the East-Indies amount Yearly to 4 Millions Sterling, the Charges to 800,000. the net Gain being 3,200,000. It is thought will be applied towards paying off the National Debt.

The Sally, Carlton, from Virginia to Barcelona, is totally lost on the Ridge of Rocks near St. Lucar.

NEW-YORK, June 4, 1767.

The English Prints received by the Packet, up to the 12th of April are barren, and contain little or nothing relative to American Affairs; but by some private Letters we learn, that a late Act passed in Boston, called the Indemnity Act, has given much Disgust to the Inhabitants of Great-Britain, and to the House of Lords in particular; who we are told immediately voted, that every Minute relative to that Matter should be ordered to be erased out of the Journal of the Proceedings of the House of Assembly of the Province of Massachusetts Bay: That little or nothing had been done by Parliament, with regard to America, but that the 24th of April was fixed upon to begin with our Affairs; and that it was generally supposed we should have Permission granted for the emitting Paper Money as a legal Tender; that Three Ships of 74 Guns were getting ready for America, and were to take on board 16th (Gibborne's) and the 26th (Scott's) Regiments for New-York; the 18th, (Sir John Seybright's) for Philadelphia; & the 10th (Sanford's late Pool's) for Quebec; and that Three Regiments now in America would be sent home in the same Ships.

The Public are desired to take Notice, that there are now passing amongst us, Counterfeit Dollars, dated 1747; they are rather larger than the good ones, and may be easily distinguished by the Sound.
