CONSTITUTIONAL Tax on the People to support the Appointment of the Lower House, is greatly desired, frequently attempted, and is refused by the Upper House.

Lower House of Assembly contend, That the Appointment of the Council his reasonable Reward, as well as the other Expence necessarily attending the Exercise of the Powers of Government, ought to be defrayed out of the FINES, FORFEITURES, AMENDMENTS, and OTHER MONIES, received by the Council for the Support thereof; and, "That it being directly opposite to the Opinion of the Upper House had, on mature Consideration, and upon the Subject of the Clerk of the Council, principally occasioned the Non-payment of the Public Debt for upwards of Ten Years; and the extreme Necessity of Public Creditors, and the Lower House to agree to an Appeal to the Council, on the Subject Matter of Disfranchisement, without the Allotment of any Public Money for that Purpose, as the only Means to settle Disputes, and Public Credit, and lay a sure Foundation for the Peace and Good of the Province.

There not having been such a full Return of the SALE of TICKETS as could have been wished; rather too many TICKETS to lie on the Hands of the SCHEME, being still unsold; and the Winter Season will be too far advanced to permit the November County Courts, the MANAGERS have resolved to begin the Drawing, certainly, on the Thursday after the Third Tuesday of May next; when many of the Adventurers may attend, with Convenience. It is hoped that Time all the TICKETS will be sold, and if they should not, the PUBLIC may rely on the LOTTERY's being then drawn.

FROM A LATE ENGLISH PAPER.

To be SOLD by PRIVATE CONTRACT, A SET of COACH HORSES,

the Property of the... which are well known to the PUBLIC, his L... having drove them constantly about Town for the last 3 Months, much to his own Amusement, and more for the Diversion of the People. His L... is now resolved to part with them, although he has NOT got a new Pension, and forning to give any One an INADEQUATE Bargain, he gives the following fair Description of the BEASTS, with their GOOD and BAD Qualities.

THE young and spirited Horse... who, though he draws a COACH at present, is equally fit and willing to draw in a Dung-Cart. The Great Grandfire of this Horse, was the noted Stallion ROYAL OAK; his Great Grand-dam, a favourite Filly, kept by CHARLES II.

THE fine showy Horse, WEATHERCOCK, of a most remarkable Breed, has a tender and soft Mouth, and feels the Curb at once, bears the Whip very kindly; he draws equally well on either Side, foremost or hindmost; is apt, however, to look one Way, whilst he draws another; much given to starting, and if he can slip from the Traces, will certainly run away: When this happens, he strays Northwards, and may be found grazing about Luton-Hag; the Lord of the Manor always gives him up to his Owner; and, for some Days after, having been first whipped in the Stable, he draws more kindly than before.

CRAFTY, a Colt of Irish Breed, full of Tricks; but, when he knows his Driver, is obedient and tractable. PRUDENCE, a servicable, tho' fine and elegant Horse; is somewhat shy and apt to run away; but by skilful Management, and keeping his Rack and Manger well filled, draws well, tho' in the dirtiest Roads. He was lately purchased out of another Set, with which he had always drawn from the Time he was first broke. He seemed to pine for some Time, and refused his Meat, but by fasting and striking, has been brought too, and entirely recovered his Appetite. He is own Brother to the noted Horse PARSONS, who has started for all, and won most of the KING'S PLATES this last Year.

SURLY, an old broken-winded, foundered STALLION, much given to snorting, kicking, and plunging: It was thought he broke the Traces of the last Coach he belonged to, but this is a Mistake; he smelt better Provender in the Stable to which he now belongs, and had the Privilege of a rich Meadow to cool his Tongue and his Heels.

THE Horse, PREGOGATIVE, formerly known by the Name of LIBERTY; he has lately cast his COAT, and is now sleek and fat, and, though in excellent Order, is very tame and obedient; he has received some Kicks from SURLY, with whom he draws, but is nothing worse for them; he is very fond of rich Harnefs, in which, and with a full Belly, he will draw backward and forward, to the Right and to the Left; can bear the hissing and shouting of a Mob, and is not frightened at Bonfires. Of late, Body-Clothes, especially that Kind called Habes Corpus, are very offensive to him, and throw him into sinking Sweats: He has a great Aversion to grazing in RUNNING MEAD, though he first fattened there; he can bear hard Driving for Forty Days together.

PROPOSALS to be received by Mr. A... B... who rode Postilions at the Stables in Bond Street: Whoever buys the HORSES, shall have the POSTALION gratis.

N. B. If not SOLD by May next, they will be made a Present to his M... and sent to the T... R.

B O S T O N, November 19, 1767. At a Meeting of the Freeholders and other Inhabitants of the Town of BOSTON, legally assembled at Faneuil Hall, on Wednesday, the 18th of October, 1767.

The Hon. JAMES OTIS, Esq; MODERATOR. A written ADDRESS to the Inhabitants, subscribed Philopatrie, recommending Oeconomy and Manufactures, was by their Order read.

THE Town then took into Consideration the Petition of a Number of Inhabitants, That some effectual Measures might be agreed upon, to promote Industry, Oeconomy, and Manufactures; thereby to prevent the unnecessary Importation of European Commodities, which threaten the Country with Poverty and Ruin: Whereupon, in a very large and full Meeting, the following Votes and Resolutions were passed unanimously.

Whereas the excessive Use of Foreign Superfluities is the chief Cause of the present distressed State of this Town; and it is thereby drained of its Money; which is thereby likely to be increased, by Means of the late additional Burdens and Impostions on the Trade of the Province, which threaten the Country with Poverty and Ruin: Therefore, VOTED, That this Town will take all prudent and legal Measures to encourage the Produce and Manufactures of this Province, and to lessen the Use of Superfluities, and particularly the following enumerated Articles, imported from Abroad, viz.

Loaf-Sugar, Cordage, Ankers, Goaches, Chaises and Carriages, of all Sorts, Harps Furniture, Men and Womens Hats, Mens and Womens Apparel, ready made, Household Furniture, Gloves, Mens and Womens Shoes, Sole-Leather, Sheathing and Deck Nails, Gold and Silver, and Tereau Lace of all Sorts, Gold and Silver Buttons, Wrought Plate of all Sorts, Diamonds, Stones and Paste Ware, Snuff, Mustard, Clocks and Watches, Silversmiths and Jewellers Ware, Broadcloths that cost above 10s. per Yard, Muffs, Furs and Tippets, and all Sorts of Millinery Ware, Starch, Womens and Childrens Stays, Fire-Engines, China Ware, Silk and Cotton Velvets, Gause, Perwerers hollow Ware, Linseed Oil, Glue, Lawns, Cambricks, Silks of all Kinds for Garments, Malt Liquors, and Cheese. And that a Subscription for this End be, and hereby is recommended to the several Inhabitants and Householders of the Town; and that John Rowe, Esq; Mr. William Greenleaf, Melatiah Bourne, Esq; Mr. Samuel Austin, Mr. Edward Payne, Mr. Edmund Quincy, Tertius, John Ruddle, Esq; Jonathan Williams, Esq; Joshua Henshaw, Esq; Mr. Henderson Inches, Mr. Solomon Davis, Joshua Winslow, Esq; and Thomas Cushing, Esq; be a Committee to prepare a Form for Subscription, to report the same as soon as possible; and also to procure Subscriptions to the same.

And whereas it is the Opinion of this Town, that divers new Manufactures may be set up in America, to its great Advantage, and some others carried to a greater Extent, particularly those of Glass and Paper: Therefore, Voted, That this Town will, by all prudent Ways and Means, encourage the Use and Consumption of Glass and Paper, made in any of the British American Colonies; and more especially in this Province.

[Then the Meeting adjourned till 3 o'Clock Afternoon.] III o'Clock, P. M.

THE Committee appointed in the Forenoon, to prepare a Form for Subscription, reported as follows: WHEREAS this Province labours under a heavy Debt, incurred in the Course of the late War; and the Inhabitants by this Means must be for some Time subjected to very burthen-some Taxes: And as our Trade has for some Years been on the Decline, and is now particularly under great Embarrassments, and burthened with heavy Impostions, our Medium very scarce, and the Balance of Trade greatly against this Country:

WE therefore, the Subscribers, being sensible that it is absolutely necessary, in order to extricate us out of these embarrassed and distressed Circumstances, to promote Industry, Oeconomy and Manufactures among ourselves, and by this Means prevent the unnecessary Importation of European Commodities, the excessive Use of which threatens the Country with Poverty and Ruin: DO promise, and engage, to and with each other, that we will encourage the Use and Consumption of all Articles manufactured in any of the British American Colonies, and more especially in this Province; and that we will not, from and after the 31st of December next ensuing, purchase any of the following Articles, imported from abroad, viz. Loaf-Sugar, and all the other Articles enumerated above.

And we further agree strictly to adhere to the late Regulation respecting Funerals, and will not use any Gloves, but what are manufactured here, nor procure any new Garments upon such an Occasion, but what shall be absolutely necessary.

The above Report having been considered, the Question was put, whether the same shall be accepted? Voted unanimously, in the Affirmative. And that said Committee be desired to use their best Endeavours to get the Subscription Papers filled up as soon as may be. Also, Voted unanimously, That the foregoing Vote and Form of a Subscription, relative to the enumerated Articles, be immediately published; and that the Select-Men be directed to distribute a proper Number of them among the Freeholders of this Town; and to forward a Copy of the same to the Select-Men of every Town in the Province; as also to the principal City or Town Officers of the chief Towns in the several Colonies on the Continent, as they may think proper.

That Clause in the Warrant, "That the Mind and Resolution of the Town may be taken with respect to the expediency of a humble Request to his Excellency the Governor, that he will convene the General Assembly as soon as may be" was read, and considered: Whereupon, Voted unanimously, That the Representatives of the Town, having already made humble Application to his Excellency the Governor, for the Purpose above-mentioned, the Town do approve of their Conduct therein; hereby declaring their Sense of the Importance of the Measure, and expressing their Hopes, that his Excellency will be pleased to favour it, by convening the General Assembly as soon as conveniently may be.

The Clause in the Warrant, viz. "To consider of some Measures for employing the Poor of the Town of Boston, by reviving the Linen Manufacture, and in such other Ways, as shall be thought most beneficial" was read; whereupon Voted, that John Barret, Esq; Mr. Edward Payne, Middlecot Cook, Esq; Mr. Henderson Inches, Melatiah Bourne, Esq; Jonathan Williams, Esq; Buziel Gutchwaile, Esq; be a Committee for the Purpose aforesaid, to report as soon as may be. Upon a Motion made, Voted, That the Town will take all proper Measures, by keeping in their Children and Servants, and other Ways, to prevent the Disturbances which have sometimes happened on or about the 5th Day of November.

Attest. WILLIAM COOPER, Town-Clerk.

[A noble Example, well worthy to be followed by every British Colony in America; and it is hoped the Fire will kindle from Province to Province, till we become one determined People; to pursue Industry and Oeconomy, and encourage our own Manufactures.] Then the Meeting was adjourned to the 20th Day of November Instant.

At the above Meeting several Samples of Starch, called Poland Starch, and of the Common Sort of Starch: Hair Powder of the best Sort, Glue, and Snuff like Kippen's, focalled, all manufactured in this Town by Messrs. Hewes, Baker, and Gillepie, were produced in Town Meeting, and much approved of.

Mr. John Baker, who manufactures the Poland Starch, is called, being present, declared his readiness to contract with the Inhabitants for 2000 Barrels at the prime Cost of that Article in London.

Mr. Gillepie, the Manufacturer of Scotch Snuff, so called, offered to furnish the Inhabitants, with what may be wanted, at the first Cost of that Article, in North-Britain.

The Town were also informed that our Paper Manufacturers have given Assurance, that in case they can be supplied with the necessary Materials, usually burnt or thrown away, in our great Towns, they could supply the Province with whatever Sorts of Paper they have Occasion for, in sufficient Quantity, with some left for the other Colonies.

There is a certain Herb, lately found in this Province, which begins already to take Place in the room of Green and Bohea Tea, which is said to be of a very salutary Nature, as well as a more agreeable Flavour. It is called LABRADOR.

We are confidently told, that in the Town of Lynn, upwards of Forty Thousand Pair of Womens Shoes have been made in one Year, equal in Goodness to any imported from Abroad. It is thought that in a few Years they will be supplied with Calamanco, and other Stuffs, manufactured in this Province.

We are assured from good Authority, that many of the Ladies of this Town have said, that in the List of Articles not to be purchased, TEA ought by no Means to have been omitted; and that they are resolved to omit the Use of it for the future.

It is judged that the Spirit of Frugality and Oeconomy prevails in our Country Towns, as the Demand for European Superfluities is of late very greatly diminished.

In a large Circle of very agreeable Ladies in this Town, it was unanimously agreed to lay aside the Use of Ribbons, &c. &c. for which there has been so great a Refort to Milliners, in Times past. It is hoped that this Resolution will be followed by others of the Sex, throughout the Province. How agreeable will they appear in their native Beauty, stripped of these Ornaments, from the prevailing Motive of Love to their Country.]

We must, after all our Efforts, depend greatly upon the Female Sex, for the Introduction of Oeconomy amongst us: And those who have the Pleasure of an Acquaintance with them, assure us, that their utmost Aid will not be wanting.

So strong is the Disposition of the Inhabitants of this Town to take off the Manufactures that come from the Country Towns, especially Womens and Childrens Winter Apparel, that nothing is wanting but an Advertisement, where they may be had in Town, which will be taken in, and published by the Printers of the Boston Gazette, gratis.

L O N D O N, August 29. It is reported that his Grace the Duke of Northumberland will be appointed one of his Majesty's Secretaries of State, in the room of the Right Hon. the Earl of Shelburne.

We are told that the Diffensions among the Great, are now less likely than ever to be removed; and it is added, that the political Flock will certainly be under the Gentle Shepherd's Care before the Meeting of the Parliament.

A celebrated Exile, we hear, lately wrote a very affecting Letter (relative to his Case and present Situation) to a great English Personage (Duke of York) then at Paris, and we are told it was most graciously received. It is rumoured that it was followed by a private Audience.

Sept. 2. A Letter from Copenhagen informs, that the Court had sent Orders to recal the Danish Consul from Algiers.

Sept. 3. We hear that a Gentleman who lately offered himself a Candidate for a Northern Borough, had in his Retinue, Two Sumpter-Horses, heavy laden, with a superb Covering over their Backs, on which was wrote, in large Gold Letters, on the one, Money for the Election; and on the other, More Money for the Election.

Sept. 4. His Majesty has been pleased to appoint the Right-Hon. William Spry, Esq; Judge of all America to be Vice-Admiral in the Island of Barbados, in the room of Governor Pinfold, who has resigned.

Sept. 7. The following political Conjectures, were heard occurred in a Conversation this Week at a Coffee-House near St. James's.

That the Marriage of the Prince Stadtholder with a Princess of Prussia, would be a fine Barrier to the Dutch; and that in case of a Rupture with England the King of Prussia would immediately seize Hanover. Nay, it was even expected that the King of Prussia would be offended at his Demand of Three Years Subsidy not being accepted of by England, who put him off with only, and made Peace without his Consent, that
