RAN away from the Subscriber, in St. Mary's County, on the 2d of this Instant, an Indented Lad, named JAMES JOHNSTON, about 40 Years of Age, has been brought up as a Gentleman's Servant; he is about 5 Feet 5 Inches high, is very fond of Liquor. He carried with him a new Duroy Coat, and Shag lapell'd Jacket, and different Changes of Linen. He also carried with him a bay Horse, about 14 Hands high, with a bob Tail; paces, trots, gallops, and has a remarkable handsome Carriage, when in the Bridle.

Whoever secures said Fellow, so that I can get him again, shall have THREE POUNDS Reward, and the like for the Horse.

THOMAS KEY,

WILLIAM KNAPP,

WATCH and CLOCK-MAKER,

IMPRESSED with a grateful Sense of the Favours he has received from the Gentlemen of this, and the neighbouring Provinces, takes this Method of returning his sincere Thanks for the Countenance and Encouragement he has hitherto been honoured with; and, as he is solicitous to merit a Continuance of their Approbation, he has lately procured, at a very considerable Expence, a complete Apparatus, for the more effectual Execution of the different Branches in his Business, without which it is impracticable to give that Satisfaction he is studious to render, and he is determined, by unremitting Assiduity, and the utmost Exertion of his Abilities, to justify and secure the Public Confidence.

It is with Concern he finds himself reduced to the disagreeable Necessity of cautioning the Public against the continued Batches of many Pretenders to the Business, whose Inabilities are too frequently experienced by the Employer, as heavy Charges inevitably follow, to rectify the Errors of those tinkering Performers, and the Mechanism of the Piece is often destroyed, beyond the Power of Art to repair.

He has, of his own Make, GOLD, SILVER, and PINCHBECK WATCHES, of the best and newest Construction, finished in the genteel Taste, some with Seconds in the Center, commonly called Stop-Watches, Eight-day and Alarm Clocks: The Qualities and Prices of all which are contrived to prevent Importation, as he flatters himself those Gentlemen, who have already dealt with him, can testify, and such as shall please to honour him with their Commands, will agreeably experience: The commendable Ardour which has been happily manifested for the Promotion of American Manufactures, induces him to hope for the Encouragement of all who are inclined to protect and countenance social Industry amongst us; and he doubts not but they will clearly perceive the Advantages of dealing with the Maker on the Spot, where they can previously examine what they purchase, and who will engage to keep his Work in Repair, at the trifling Charge of 3s. 6d. Annually (general Accidents excepted) He will receive and complete, with the greatest Expedition, Orders either for Watches or Clocks, made on any Principle, and agreeable to any Fashion, and will allow, in Exchange, the best Prices for old Watches and Clocks.

He will wait on any Gentleman in, or near this City, to repair their Clocks.
