WILLIAM KNAPP,
WATCH and CLOCK-MAKER,
**IMPRESSED with a grateful Sense of the Favour
the neighbouring Provinces, takes this Method of re-
turning his sincere Thanks for the Countenance and
Encouragement he has hitherto been honoured with,
and, as he is sollicitous to merit a Continuance of
their Approbation, he has lately procured, at a ve-
ry considerable Expence, a complete Apparatus, for
the more effectual Execution of the different Branches
in his Business, without which it is impracticable to
give that Satisfaction he is studious to render, and he
is determined, by unremitting Assiduity, and the ex-
tremest Exertion of his Abilities, to justify and secure
the Public Confidence.**

It is with Concern he finds himself reduced to the
disagreeable Necessity of cautioning the Public against
the continued Butcheries practised by many Pretenders to
the Business, whose Inabilities are too frequently ex-
perienced by the Employer, as heavy Charges inevi-
tably follow, to rectify the Errors of those tinkering
Performers, and the Mechanism of the Piece is often
destroyed, beyond the Power of Art to repair.
He has, of his own Make, GOLD, SILVER, and
PINCHBECK WATCHES, of the best and newest
Construction, finished in the genteellest Taste, some
with Seconds in the Center, commonly called Stop-
Watches, Eight-day and Alarm Clocks: The Qua-
lities and Prices of all which are contrived to prevent
Importation, as he flatters himself those Gentlemen,
who have already dealt with him, can testify, and
such as shall please to honour him with their Com-
mands, will agreeably experience: The commendable
Ardour which has been happily manifested for the
Promotion of American Manufactures, induces him to
hope for the Encouragement of all who are inclined to
protect and countenance social Industry amongst us;
and he doubts not but they will clearly perceive the
Advantages of dealing with the Maker on the Spot,
where they can previously examine what they per-
chase, and who will engage to keep his Work in Re-
pair, at the trifling Charge of 3s. 6d. Annually (gene-
ral Accidents excepted) He will receive and complete,
with the greatest Expedition, Orders either for
Watches or Clocks, made on any Principle, and a-
greeable to any Fashion, and will allow, in Exchange,
the best Prices for old Watches and Clocks.
He will wait on any Gentleman in, or near this
City, to repair their Clocks.

N. B. To be sold, just imported, Six PRINTS,
elegantly framed and glazed, being Views of *London*,
designed and engraved by the most eminent Master
in England.—They are very proper Furniture for a
Parlour, or Study. **W. K.**
