

On Saturday last an Express arrived from the Court of Berlin, which occasions much Speculation.

Jan. 10. The King of Denmark, who was not expected at Altena 'til the 6th Instant, arrived there the 2d; his Majesty it is supposed having accelerated his Return to his Capital, in order to be more at Hand to hear of the important Affairs transacting in Sweden.

Letters from Germany advise, that Prince Poniatowski, Brother to the King of Poland, is going to quit the Service of the Court of Vienna, and to enter into that of the Empress of Russia, who has declared him Field Marshal of her Armies.

Jan. 12. It is given out, that some Changes in his Majesty's principal Governments in North-America will soon take Place.

We hear that a Gentleman of great Consequence in North-America has wrote to a Correspondent here, requesting him to wait on Mr. Wilkes, and obtain his Leave for an eminent Artist to take a Portrait, which is intended to be sent to Bolton, in order to be hung up in the Public-Hall!

It is strongly reported that Three Sail of Ships of the Line of Battle and Two Frigates are speedily to be put in Commission at Portsmouth.

Extract of a Letter from Paris, Dec. 16.

"It is assured that his Danish Majesty has made a Present to the King, of a Regiment of Cavalry, which is to be called the Royal Danes; upon Condition that the Duke de Duras and his Descendants shall always be Colonels of it. There are Two Precedents of the same kind in the Families of Noailles and Beaufrimont."

Extract of a Letter from Leghorn, Dec. 23.

"General Paoli continues to harras the French, and has lately made several Attacks on them in their Winter-Quarters, and has killed them 300 Men: A large Quantity of Provisions, and Two Pieces of Cannon, were lately seized on by his Light-Horse. It is this Morning reported, that Two Corsican Xebecs have taken Two large French Barks laden with Powder and warlike Stores, and a large Sum of Money designed to pay their Troops."

Extract of a Letter from Paris, Jan. 1, 1769.

"I cannot close my Letter with a more polite Piece of Intelligence, than to inform you of the great Reputation the Countesse de Barry possesses at Court. This Lady is of Irish Extraction, though born in France, and is said to be a near Relation of the Earl of B—, of the Kingdom of Ireland. She has acquired that Consequence here, that all Favours are conferred through her Means; and the King is so particularly attached to her, that he seems to transfer the Esteem he had for Fompador, and the Affection he had for Murphy, unitedly, to the present Favourite."

B O S T O N.

March 6. We are told, that the Affairs of these Colonies were to be strictly canvassed in Parliament, and that every Thing would be done for them which could reasonably be expected.

Letters from London mention, that the Halifax Packet, which was sent home last Summer with Dispatches from Commodore Hood, is lying at Portsmouth fitted for Sea, and ready to sail at an Hour's Warning; and is only detained 'til the Parliament has determined the American Affairs; when she will sail with Orders for General Gage, and the American Governors.

The same Letters informs us, that it is more than probable, that the Earl of Chatham, and George Grenville, Esq; will be appointed Secretaries of State before the End of the Holidays, as all the different Branches of the Grenville Family, are now firmly united—That if this Arrangement should take Place, it is not doubted, but a War will soon ensue; which will give great Satisfaction to a noble Earl, as he will then most certainly, solely guide the Reins of Government.

P H I L A D E L P H I A.

March 16. By the Brig Ann and Catharine, Capt. James Cooper, from Leghorn but last from the Island of Sardinia, we have the following Advices, viz. That during his stay in Leghorn, the Corsicans and the French had Five Engagements, in all which the Corsicans had gained the Victory, that they had kill'd and taken Prisoners Ten or Twelve Hundred, among which was a French General. It was generally thought and expected there, that the Corsicans would entirely rout the French out of the Island this Winter. Mr. Henry Bambridge of this City had been sent by Sir John Dick, the English Consul at Leghorn, to Corsica, to take Paoli's Portrait, which he had accordingly done, and it was sent for England before Capt. Cooper sailed from Leghorn, for which he was presented with 100 Chequins. It is said at Leghorn, that an English Frigate was certainly arrived at Corsica, with a Present for General Paoli from the Court Ladies, who had drank his Health. An Account also arrived, that a free Exportation of Corn was allowed out of Sardinia and Sicily to France, Spain and Portugal, and that they had the Appearance of very fine Crops there as well as throughout all Italy.
