

By a Schooner just arrived at Marblehead from London, we hear, that the Difference is made up between the Courts of Great-Britain and Spain, the latter agreeing to pay the former Six Millions of Dollars for their Expence in fitting out a Fleet, &c. to revenge the Insult given by the Spaniards in taking Possession of Falkland Islands. This News, however, gives but little Credit.

A Correspondent has sent us the following. An odd and sad Accident lately happened to a Gentleman, who has a considerable Post in the City. This Gentleman had the Misfortune to fall deeply in Love with another Man's Wife—she was averse to his Importunities for a long while—at length, tired of them, she informs the Husband—she advises her to make an Appointment with the Gentleman—this she does—the Wife is put out of the Way—the Husband equipped in the Wife's Cap, &c. at the Time appointed goes to Bed, the Gentleman gets in at a Window, and falls makes his Way into the Room where his supposed Mistress lay—he undresses for Bed—where, behold, just as he was entering, Madam with the Cap on, greets a Whistle, when Three or Four sturdy Rogues burst out from a neighbouring Closet, seized my Gentleman, who met with an irreparable Loss, and is now under the Care of skilful Surgeons.

NEW YORK, February 14. A Letter from Charlestown, South Carolina, dated the 24th of January, from a Person lately from the Port au Prince, to his Friend in this City, advises, that a Port au Prince there was the greatest Apprehension of War, a Frigate just arrived from France, reports that War was proclaimed both in France and Spain against England, where 40 Sunders were constantly employed in pressing Men, that the Spaniards made Prisoners of all the English Vessels they could take; and that the Consequence of these Advices, they were using the utmost Diligence to repair the Fortifications, mounting Guns in the Forts, and were loading Vessels, with Gun and other military Stores, to send to the outer Parts. Captain Ask-y, from Eustatia, informs, it was reported there, that Fourteen or Fifteen Sail of French or Spanish Vessels, with Forces on board, were lying at Porto Rico, where they seemed to expect an Attack from the English, were preparing for Defence, and had taken Measures for evacuating the Town on the Approach of the English.

Published according to Act of Parliament. THE great and learned Doctor SANXAY, of London, First Physician to the Nobility and Gentry, his Medicines, consisting of a Box of alexipharmic Pills, a Bottle of imperial Golden Drops, and a Pot of specific purging Electuary, which together radically cure, without Confinement, the Lues Venerea, in all Stages and Circumstances whatever, the Leprosy, Scurvy, Gleet, and Weaknesses of all Kinds, in the Reins and Loins.

Many Medicines, within this Century, have been made and offered the Publick on Sale, as Specifics for the Cure and Relief of Patients labouring under that loathsome Weight, the venereal Disease: Some Medicine, indeed, which possessed a very little insignificant Portion of Efficacy in them, that scarcely would relieve, not able to cure the least Complaint in the venereal Way, have been pushed into the World, ornamented with a respectable Crowd of Attestations, \* and others, † whose Direction Bills were decorated with all possible Flowers of Rhetoric and Language to enforce their Sale, are, with their boasted Virtues, universally condemned, and in perpetual Oblivion, by Men of Sense and Candour, for their Want of Power, Efficacy and Virtue. This Assertion is a well testified known Truth, and all Physicians upon Earth know it.

The Medicine, which is now generously laid before all impartial Judges, will be found exactly agreeable to the best improved and most refined Practice, not in this only, but in future Ages; and, on due Trial, will be confessed by the most able Physicians in Europe and America, to be completely possessed of every Power, Efficacy and Virtue (with-out Mercury) to subdue, expel the Poison, and effect a Cure in a very little Time, of every the worst and most obstinate Symptoms of the Lues Venerea; besides the Scurvy, Leprosy, Gleet, and all Weaknesses of the Reins and Loins whatever.

In private Practice for more than 30 Years past, no Medicine ever was administered with the same Success; its Superiority over every other known Medicine will astonish the Physician who chooses to make use of it in his Practice: An Alteration for the better will be greatly visible in a few Days Use; and it is peculiar to the Operation of this Medicine, that at the same Time it eradicates the Disease, it acts as a powerful Restorative.

In Operation it is perfectly innocent, safe and mild; very soon will it raise the Patient to Health and Strength, and enervate a decayed Constitution; so friendly to Nature is this grand Restorative, that every of those Feelings which attack young Men from their Debaucheries, and Persons who have lived regularly and advanced in Years, are removed, and the natural Powers of the vital System are preserved, comforted and prolonged.

A full printed plain Direction is given with the Medicine, that any Person, in his own House, or on a Journey, or at Sea, may cure himself, without the least Inconveniency, or imparting the Secret to a Bed-Fellow.

\* This is the First Medicine ever offered the Publick on Sale, that speedily, safely and perfectly performs a Cure in all the Stages and Symptoms of the venereal Malady, Gleet, and all Weaknesses in the Reins and Loins, &c. It is therefore hoped, the Gentlemen &c. who may become benefited from the exceeding great Power and Efficacy this Medicine is possessed of, will be a sufficient Inducement to recommend it to their Friends and Acquaintances.
