St. Mary's County, March 1, 1771.

AGREEABLE to an Advertisement published in this Paper on Dec. the 5th last, and continued down to Feb. the 14th following, the Subscriber met on the Premises, with design to put up the several Tracts of Land as advertised to publick Sale, but was prevented from so doing by the badness of the Weather, which was such, as would not permit those to come who had a Design of bidding for the same; being therefore desirous that every One may have a fair Opportunity who has Inclination to purchase, have put off the Sale, to Monday May the 13th next, if fair, or otherwise the next fair Day. When will be sold on the Premises, at publick Vendue, all the real Estate of Richard Heard, late of the said County, deceased, agreeable to an Act of Assembly, in that Case provided, for the Payment of the Debts of the said Richard Heard, that is to say, one Tract called Thompson's Purchase, formerly called Mary Taylor's Plantation, lying in the said County, containing 180 Acres; one other Tract or Parcel of Land, in the same County, being Part of the Croft Manor, containing 100 Acres. Also one other Tract or Parcel of Land, called Croft Manor, lying in the County aforesaid, containing 3 Acres, all adjoining; On the Tract called Thompson's Purchase, formerly called Mary Taylor's Plantation, is a large well built House, almost new, having 4 Rooms on a Floor, with a Fireplace in each Room, with a good Quarter, and several other Improvements thereon. TO BE SOLD,
ONE undivided third Part of the Northampton Iron Furnace, together with the Stock in Partnership thereto belonging, Consisting of Lands, Servants, Teams, &c. &c. The said Furnace, Casting-Houfe, Bridge and Wheel Houses are all built of Stone, in the neatest Manner, and on a never failing Stream of Water, Eleven Miles distance from Baltimore-Town, Baltimore County, in the Province of Maryland, and on the best Road leading to said Town. The Lands are well wooded, and abound in Iron Ore, which is very convenient to said Furnace, and is of the best and richest Qualities, and yields such plenty that I believe no Furnace on the Continent makes more Metal while in blast. On the said Land all round the Furnace, is also a plenty of Lime-Stone, which is made Use of for Flux, the Furnace is now heating, and will be in blast in a few Days; there is already provided and at the Furnace, a very fine Stock of Ore and Coals, and growing upon the Lands, as much Indian Corn as I suppose may supply the Furnace for Twelve Months. At the said Furnace is a good Coal-Houfe, and all other convenient Houses in good Repair. The Purchaser shall be put into Possession immediately, and such Time given for Payment of the Purchase Money, that may make it very easy to the Purchaser, his giving Bond upon Interest, with Security if required. Any Person inclinable to purchase, will be pleased to apply to the Subscriber near Baltimore-Town, in said Province. (ts) JOHN RIDGELY.

BY an Order from the Royal Society, for the Encouragement of Arts and Manufactures established in the City of London, for the good of his Majesty's Subjects in general, I the Subscriber having been ordered from the Northern Colonies Eighteen Months ago, by the Society, particularly to this Colony of Maryland, to propagate the making and manufacturing of the alkaline Salts into Pot-Ash, Pearl-Ash, Castor, and Markof Ashes, of which I have been, since the Year 1763, instructing in all the Provinces to the Northward of the Jersey with such Success, that this Branch of Business is become a Staple Commodity, and is the only sure Remittance they have for most Part of their European Manufactures, which they import from Great-Britain; and as I am now sensible the Ashes that I have seen in this Province are no Ways inferior to the Ashes to the Northward, I can assure the Publick, that the above Manufactory may be carried on to the general good of the Inhabitants of this Province; and for their Encouragement, any Person or Persons inclinable to erect and be taught that Business, may have it in their Power at this Time, by applying to me the Subscriber, at the House of Mr. Henry Jawn, in Baltimore-Town, where Letters, &c. will be punctually answered; and for the further Encouragement of this Branch of Business, so that all Materials may be had in this Province, I will undertake to erect Air-Furnaces upon the best and most approved Plan of any in America, for casting Metals, for the erecting of Works, for preparing the alkaline Salts for the European Markets, which Works are by actual Experiments now erected at Fifty per Cent. less than at the first propagating them in America, that those Persons inclined to erect such Works in any Part of this Province, will be surprised at the small Expence attending them, and the large Return made from them. I purpose teaching the above Business on reasonable Terms, or erecting and finding every Material at a certain Sum, according to the Largeness of the Works and their Situation. (w4) JAMES STEWART.
